

This would be the first playground in Aurora of its kind. Accessible or inclusive playgrounds also accommodate parents and grandparents with disabilities.

There are over 500 kids with disabilities in five elementary schools, two middle schools and two high schools within the two-mile radius of the park.

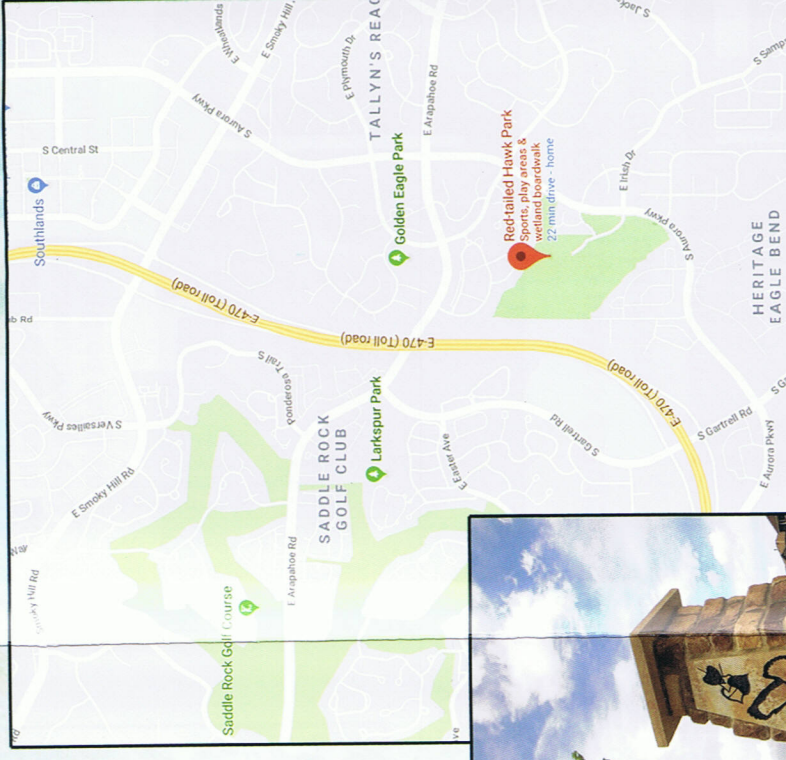

The Aurora Rotary Foundation, Inc. is a 501(c)(3) corporation and all donations are tax deductible.

The project goal is to:

- 1) Provide play and learning experiences for kids of all abilities and challenges through sound, color, texture and movement.
- 2) Create a side-by-side inclusive playground so that all kids can interact with each other.

The site will include a gathering space, a sensory garden, play equipment, musical instruments and features numerous sensory experiences.

Red-tailed Hawk Park is located east of E-470, just south of Arapahoe Road.

FUNDING

Partnerships have been instrumental in making this playground project come to fruition:

- The Aurora Rotary Foundation and its members have committed to fundraise a minimum of \$100,000 for this project.
- The Make-a-Wish Foundation has also committed to the playground project.
- Partnerships are continuing to be developed and are playing a significant role in making this project a reality.

Play equipment may be similar to that pictured here, to accommodate both disabled and able-bodied children.

Won't YOU help make a difference in the lives of children?

The timeline for the project provides for bids by the fall of 2018, with the playground in the conceptual design stage. It is anticipated to be open to the public in the summer of 2019.
