Rotary Clubs of Victoria have partnered with Australian Rotary Health in support of the 'Lift The Lid' campaign, which aims to raise funds to significantly increase research into mental illness prevention.

Each year approximately 1-in-5 Australians will experience a mental illness and in order to help future generations of young Australians, we need to look ahead through research and find out how we can prevent this type of illness occurring.

NEXT MEETING GUEST SPEAKER

Stephen Read

"Landscape Design: Reflecting a Sense of Place and Purpose"

A garden is many things to many people: a sanctuary, a playground for young and old, a habitat that nurtures growth over time. It has the potential to offer space within our busy environment to relax, reflect, and enjoy.

Aligning this perspective with the specific needs of the client, the designer can ensure the rhythm of the garden will grow to match the heartbeat of its owner. The garden then becomes part of a holistic approach to living. Space

for fine food, clean air, fresh water, and relationships with family and friends; all are woven comfortably into the design of a well-planned garden.

The home garden is for nurturing future explorers, scientists, artists, cooks and, of course, gardeners.

Stephen is a landscape designer who is passionate about all things design. He has a strong belief in the transformational nature of good design and its ability to maximise social and economic value. Over the past few years he has developed a unique and fresh approach when designing gardens. The fundamental difference is a collaborative process between client and designer. Empathy for the location, architecture and those who use the garden are key influences, and the design is driven by what is needed. Only then will the garden will work seamlessly - now and for years to come.

"We had 14 persons at "DIK" on Saturday from 9.00am until just after 12noon; Michael Lapina and children - Michael Jnr, Alex and Brianna; Kevin, Yanpu, Neville, Rebecca, Russell, Eric, Sarah, Jack, Leonie and Herb.

The tasks ranged from sorting and repacking garments to painting the amenities and staff room. {Language was reported to be 'variable' at the painting locations.}

Lots of overtalk and overpainting but all to a good cause and good effect.

Thanks to all that attended making it another major for our Club."
