April 7th Meeting Report

ROTARY CENTRAL MELBOURNE – MEETING REPORT 7th April 2020

Last weeks meeting we had Peter Duras give us an insight into the journey to the 1956 Olympics in Melbourne. A very interesting story with lots of great info. I'm sure we will all be keen for part 2 and 3 at some stage.

Mary Voice also shared some information during the Inquisition by Brett. "Cloud Art" or "What can you see in the clouds", as something kids can do but also adults if they are artistically inclined. Some sample are below.

Upcoming Events

School Holidays

What can you see in the clouds?
Take some photos of clouds, then make a picture.

Note: examples courtesy of the Internet, and Peng and Hu: Draw what you see (Thames and Hudson)

Can you see a jaguar in the photo below?

What about this photo?

Take some photos yourself and make some pictures

NEXT MEETING (virtual) - TUESDAY 14TH**April***Posted by Gerard HOGAN*
