Guest Speaker - Prue Simmons

"D9800 Group Study Exchange to Spain in 2010"

Prue was the Rotary Club of Central Melbourne-Sunrise's nominee for the District 9800 Group Study Exchange to Spain in 2010 and she gave a wonderful presentation that further justifies why RCCM-S should support the GSE program. By the end of her presentation she left her audience in no doubt that she is a person passionate about the environment and life in general, as well as being extremely grateful for the opportunities Rotary has given to her.

Initially Prue reflected on the reasons she had applied to undertake the

Rotary GSE program:

- Develop global networks
- Talk to Spanish counterparts on environmental issues
- Experience Spanish culture
- Learn more about Rotary
- Gain confidence and more life experience

Prue gave everyone a great insight into her life on the GSE which she described as "hectic and exhausting". Ironically no siestas for our GSE candidate! In District 2203 Espana Prue visited 40 clubs in four weeks, therefore many of the days were long and some of the nights were even longer as Prue was involved in many Spanish cultural activities, including tapas bars.

Excellent illustrations were provided of the amazing history in Spain, highlighting some of the beautiful towns rich in history such as Seville, Ronda, Granada and Cordoba. She even teased attendees with some of her 3,000 photos. At times the Spanish language was challenging but the professional visits were especially beneficial to Prue's vocation and passion for the environment, whether it was visiting Marine Parks and National Parks to speak with staff or meeting the General Director of Environment (Murcia Region).

The final submission in Prue's presentation was that the benefits of her GSE experience were significant and many, for example, she had gained from international travel, increased her global networks and cultural awareness. She now also has a greater appreciation of the benefits of teamwork and has developed greater confidence and motivation in life.

"New Zealand is a small country and everyone knows someone in Christchurch, so this is truly a national disaster," said Past RI President William B. Boyd, a native of New Zealand. "I know that the six districts [there] will work together to rebuild the spirit of the city. Best wishes from Rotarians from around the world have reminded us once again that we are a family and that in difficult times, families come together."
