His latest big case involved a 12-year-old Viet girl Linh Da Vo who had a painful tumor engulfing her face. Dr Leong mobilised a team of more than 30 volunteers last August to remove it and start reconstructing her features. The eight-hour operation was one of the most complex of his career, he said.

PAUL HARRIS BREAKFAST - LORD MAYOR DOYLE'S PRESENTATION

Posted by Tony THOMAS

Melbourne Lord Mayor Robert Doyle forecasts that Melbourne will overtake Sydney to become Australia's biggest capital city in a little more than a decade.

He was speaking at the 22nd annual Paul Harris Breakfast of the Rotary Club of Central Melbourne-Sunrise on November 18. He said that while Sydney boasts its 22 hectare Barangaroo redevelopment, Melbourne's redevelopment schedule covers 610ha.

About 230 people were at the meeting at the RACV, and the event raised \$9000 for charity. It included the auction of a bottle of 1967 Grange Hermitage (donated by a member of RCCMS) which fetched \$950.

Doyle said that while Southbank was 90% complete and Docklands half complete, Fishermen's Bend covered 200ha and the renewal program had not even started there. Expressions of interest are in train for E-gate near Etihad Stadium with 25ha. That could link Docklands to North Melbourne station and create 11,500 residents and 6000 jobs. To the north is 112ha including the health, research and education precincts. The massive Arden-Macaulay precinct involves 147ha and could bring in 18,000 residents and 20,000 jobs.

All-up the renewal zones are five times the size of the present CBD, for staged development over the next 40 years. It would contribute to boosting Melbourne's population from 4m to 5-8m.

GARDEN DESIGNFEST - A partnership for success

Posted by David JONES

Is this the next big thing for RCCMS?

It all started when George Mackey saw an acquaintance from years gone by and suggested they should have a beer and 'chew the fat'.

After much chewing Rob Hines became a member of RCCMS and as with all new members the club was opened to a new circle of friends - in this case some of Rob's Vic Racing friends who were keen to open their designer gardens to help raise funds for charity. The idea was developed and the Fundraising Committee, under the captainship of Greg Cuthbert, made several trips to Euroa to view the gardens and planning how best to deliver the event.

To ensure we had every chance of a successful day RCCMS combined with the long running established RC of Kew 'Garden DesignFest' ['GDF'] to contribute \$25,000 from a grateful public in the one day event at Euroa last Sunday; raised towards an overall GDF total of approx. \$100,000, for a range of charities.

The partnerships of Rotary with the garden owners, our club with another Rotary club and the application of members' skills and contacts within Rotary to organise and run this event has seen a big SUCCESS.

The Fundraising Committee is beginning to assess event feedback and hoping to see this being the start of a biennial fundraising event of the nature the club has been seeking for some years. Congratulations to all involved and to the many members who assisted in many ways.
