INTRODUCTIONS PLEASE!

Please try and take the time to introduce yourself to our speakers each week, especially if you are unable to stay for the presentation. It is asked that

you kindly thank them for supporting our Rotary Club and to please excuse your inability to stay for the presentation.

HOW ARE WE AT ROTARY DIFFERENT?

WE SEE DIFFERENTLY:

We are problem solvers working together to achieve a better world. Our members are deeply ingrained in the communities in which they live and serve, affording them insight into local challenges and access to the leaders, resources, and networking opportunities needed to strategize and take action to make lasting change.

WE THINK DIFFERENTLY:

Rotary clubs reflect the diversity of our communities and the breadth of viewpoints that comes from our members’ varied professional and personal experiences. For more than 100 years, we have been applying different perspectives to create innovative, sustainable solutions that address the needs and challenges affecting our communities.

WE LEAD DIFFERENTLY:

As Rotary members we hold ourselves to the highest ethical standards. Community members, community leaders, and other organizations seek us out because they know they can trust us to be effective partners and deliver on our promises.

OUR ACTIONS MAKE A DIFFERENCE:

Harnessing our unique perspectives and ideas gives us a shared purpose — one that compels us to take action. We roll up our sleeves, leverage our personal relationships with local partners and businesses, and apply our leadership skills as a way to get the job done and bring to life the changes we envision.
