Jerry Tapley, Movie Making Milestone

Today you will be introduced to Jerry Tapley. He enjoyed a successful career in film and television production and 31 years in sales, marketing and public relations with the company that invented audio and videotape, 3M. In that capacity, he has consulted with the major television networks and Hollywood film studios.

Last week we heard Bruce speak and provide an update and a general overview of the plans for RM 620.

AT OUR LAST MEETING

Bruce Byron, TxDOT Update

The Texas Department of Transportation (TxDOT) is conducting a corridor refinement of Ranch to Market Road 620 (RM 620) from the Colorado River bridge to United States Highway 183 (US 183). The purpose of the corridor refinement, known as the RM 620 North Study, is to further analyze and develop the mobility improvements identified in the previous feasibility study. TxDOT will be hosting an open house in early 2020 to present the design alternatives. The goal of all proposed alternatives is to reduce delay, improve mobility for through traffic and local access, accommodate active transportation modes (walk/bike), and enhance safety.

Lonestar Telegram

Did you happen to see the Lonestar Telegram this week! Our own Jim Henry (now District Governor) was featured. Also featured, was our fruit sale. Please make sure you capitalize on the free publicity and reach out to other clubs.

Special Shout Out to Harold Coleman

Harold has prepared the weekly Rooter since Tom Perkins was a little boy. There is a ton of work that goes into preparing, printing and distributing the rooter. I have only helped for one week and I know that I will appreciate the Rooter more, now that I have worked on it.
