AT OUR LAST MEETING (12/19)

Rick McMaster - "The Electric Koolickle and More!"

The speaker at our last meeting was Rick McMaster, aka Professor Sparky. Rick was educated as a scientist but has worked mostly as an engineer. He retired from IBM one year ago after 33 years, with his last year as IBM's STEM (science, technology, engineering and math) advocate. As Chair of Central Texas Discover Engineering he now works to excite our K-12 students to pursue STEM careers, using a hands on approach, which he demonstrated at our meeting. For more information on Rick and his program, go to: <http://www.slideshare.net/RickMcMaster>

Rotary Global Grant Projects Funded by District 5870

by Abbie Tootle

In October, our district heard presentations from 4 clubs planning to apply to The Rotary Foundation for a Global Grant. District 5870 has District Designated Funds (called “DDF”) available each year that can be used by clubs who are applying for a Global Grant. A club may apply for a Global Grant without DDF monies, but they are missing out on the power of matching funds! The Rotary Foundation (TRF) matches all DDF monies dollar for dollar, while cash contributed by a club or member is only matched \$0.50 on the dollar.

The clubs and projects described below are the four Global Grant projects that our district is supporting this year with a contribution of DDF monies. Our district requires that clubs requesting DDF involve at least 4 other clubs from our district as partners in their grant projects.

The DDF monies are a portion of the funds that are returned to our district from the contributions we all made to TRF three years ago. Thus, each member of our district has an investment in these projects and should feel proud of the work our fellow Rotarians are doing around the world.

Project 1 - Equipping a Medical Clinic in Managua, Nicaragua

• Sponsor Club: Austin University • Main Contact: John Doty
• DDF Award Amount: \$30,000 • Total Project Budget: \$135,000
Synopsis: The purpose of this grant is to equip the Clinica Villa Guadalupe to serve the 10,500 residents of Villa Guadalupe and an adjacent barrio, Los Martinez (Las Brisas). Emphasis will be placed on equipping OB/Gynecology and establishing dentistry, which have not previously been available.

Project 2 - Economic Development Efforts in Tacloban, Philippines

• Sponsor Club: Temple • Main Contact: Jennifer Graham
• DDF Award Amount: \$14,000 • Total Project Budget: \$51,875
Synopsis: The primary objective is to improve the living conditions for survivors of Typhoon Haiyan in Tacloban, Philippines, by capitalizing on the government's rebuilding plan, which focuses on livelihood projects. Grant funding will allow for the development of vegetable and fish farming as well as ranching and cottage industries for the hardest hit survivors still residing in Tacloban.

Project 3 - Providing Solar Electricity and Computers to Schools in Rural Honduras

• Sponsor Club: Killeen • Main Contact: John Ott
• DDF Award Amount: \$29,000 • Total Project Budget: \$67,600
Synopsis: A national Honduran education policy is to provide computer literacy instruction for all Honduran students. As many villages are not on the power grid, inexpensive electric power is required. This project will install solar power and provide computers to rural elementary schools in the mountains of southern Honduras, in the Department of El Paraiso.

Project 4 - Clean Water Project in Lanjani, Tanzania

• Sponsor Club: Lakeway / Lake Travis
• Main Club Contacts: Donna Gunn & Barker Keith
• DDF Award Amount: \$19,775 • Total Project Budget: \$60,650
Synopsis: To improve the water and food supply of 3,000 Maasai living in Lanjani, Tanzania, by drilling a water well and providing training in well management and maintenance. Hygiene and sanitation training will also be provided.
