THE ROTARY 4-WAY TEST

The Four-way test 'formula' guides our International membership. The creed which states:

- Is it the **TRUTH**?
- Is it **FAIR** to all concerned?
- Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
- Will it be **BENEFICIAL** to all concerned?

THE PRESIDENT'S MESSAGE

KETURAH DONAI

There is a longing in every child to be in the company of their parents regardless of their status in life. They need to feel that connection they once felt in the womb and to hear their father's voice and to have that sense of security and to know that they are safe. Children thrive best when they are cared for and nurtured by parents and extended family members. In growing up my siblings and I were cared for by our parents and grandmother. There is a special connection between a grandmother and her grandchildren. Certain values that your parents may not instill or may not forcefully instilled in you would definitely be instilled by grandparents. It is just so

comforting to seat around them as they share their wisdom and knowledge and to provide insights on things that happened in the past with your parents or other family members or just stories about the way they were brought up. These were the good old days!!!

Over the years our generation has diminished in values and birthing children and nurturing them is a thing of the past for some. How can one give birth to a child and then dispose of it in the garbage? There are many reasons why and we are in no position to criticize but instead take stock of what we could have done to make a difference. It takes a community to raise a child. Nowadays everyone are about their own business and have no time to care for other people's children. In some cases, some parents have no interest in allowing anyone to speak to their children far less to correct them if they have done something wrong. The very fabric of our being has deteriorated and there is no proper legacy for those who come behind us to follow. Parents must care for their children's spiritual, mental, physical and social well-being. They must create an environment that allows for growth and development. There must be laughter ringing, someone smiling, someone dreaming big dreams and love should just be the core of their homes.

Many children were never privileged to experience such warmth and love. Our society needs to create an environment for persons who experience loss of parents or family members to have some sought of a semblance of an environment that they can call home. Too many children are left to fend for themselves. They need guidance and proper care. On an international level there are homes for orphans and children who have gone astray where they are cared and provided for. In St Lucia what do we have? How can we as Rotarians make a difference? We need to think of how we can assist our nation as we serve to change lives!

Rotary Prayer – During the Covid-19 Pandemic

May we who are merely inconvenienced, remember those whose lives are at stake.

May we who have little risk factors,
remember those most vulnerable, with difficult choices to make.

May we who have the luxury of homes and jobs that pay,
remember those who are helpless and have no place to stay.

May we who have close families and surrounded by friends who care,
remember those who have no options, who survive on loneliness and fear.

May we who have each other, as Rotarians willing to give,
remember the least among us who only wants to live.

May we with our Rotary ideals and a purpose to fulfill,
Keep fighting for humanity and not be found standing still.

Amen

EDITOR'S NOTE

MATERNAL APPRECIATION

MOTHERHOOD

The dearest gifts that heaven holds,
The very finest, too,
Were made into one pattern
That was perfect, sweet, and true;

The Angels smiled, well-pleased, and said:
"Compared to all the others,
This pattern is so wonderful
Let's use it just for Mothers!"

And through the years a mother has been
All that's sweet and good
For there's one bit of God and love,
In all true Motherhood.
~ Helen Steiner Rice

THANKS MOM!

ROTARY AREAS OF FOCUS

Rotary is a global network of 1.2 million neighbors, friends, leaders, and problem-solvers who see a world where people unite and take action to create lasting change – across the globe, in our communities, and in ourselves.

Rotary is dedicated to causes that build international relationships, improve lives, and create a better world to support our peace efforts and end polio forever.

We direct our efforts to enhance our local and global impact. Our most successful and sustainable projects and activities tend to fall within the following areas:

Promoting Peace

Fighting Disease

**Providing clean water,
sanitation, and hygiene**

Saving mothers and children

Supporting education

Growing local economies

Protecting the environment

ROTARY THEME FOR APRIL 2022

MATERNAL AND CHILD HEALTH MONTH

WHAT BEING A MOM REALLY MEANS

It's giving air to the lungs that grew within you, and sight to the eyes that will never see you as anything but mommy.

BY JESSICA JAMES

Being a mom means more than having given birth to a child. It's loving and knowing a soul before you even see it. It's carrying and caring for a life completely dependant on you for survival. It's giving air to the lungs that grew within you, and sight to the eyes that will never see you as anything but mommy. It's sleepless nights, its nursing scratches and scrapes, it's being stern and protective. It's teaching them to talk, to walk and to eventually run. It's learning to hand your child to a stranger to let them teach what you cannot at times. It's bracing them for a fall, and dusting them off after they do. It's seeing them cry and not knowing how to fix it, so you sit on the floor and hold them and cry right along beside them. It's teaching them that they are smart, capable, funny and giving them the security to do great things. It's building their self-esteem, supporting their dreams and loving them unconditionally. It's letting them go, letting them fail and teaching them how to get back up. It's going without so that they don't have to, and being OK with it.

P.E.T.S CONFERENCE

APRIL 01ST-07TH 2022

The 2022 Conference was the first in-person District Conference in three years, but with a twist! The team in Barbados understands only too well, the pent-up demand our Rotarian family have to reunite with the many familiar faces from around our great district. As a result, this Conference was a hybrid event, catering to those who wanted to travel and those who rather participate virtually.

CONGRATULATIONS IPP LEATHON KHAN. WE ARE PROUD OF YOU!

YOUTH SERVICES COMMITTEE PRESENTS GIRLS IN ICT DAY

APRIL 28TH-29TH 2022

28 April, International Girls in ICT Day, established by International Telecommunications Union (ITU) and celebrated in over 150 countries around the world, celebrates girls and young women and encourages them to pursue studies and careers in the technology sector through training of coding, development of mobile applications and IT.

The Interact Clubs (Sir Arthur Lewis Community College, St. Joseph's Convent and Castries Comprehensive Secondary School) benefited from two one-day workshops under the theme Access and Safety: cybersecurity. This workshop was held by the National Telecommunications Regulatory Commission (NTRC).

Cybersecurity is the state or process of protecting and recovering computer systems, networks, devices, and programs from any type of cyber-attack. Whether you are an individual, small business or large cooperation, we are becoming increasingly reliant on technology, it is important to keep our data protected. A lack of focus on cybersecurity can damage your business in a range of ways such as economic costs, reputational costs and regulatory costs.

ROTARY IN A MINUTE

SELMA ST. PRIX

I enjoy Rotary for the service that we provide. Assisting the less fortunate. I have been fortunate to be brought in by PP Malcolm Charles who proposed me seeing that I was already a rotarian at heart and in my profession. My ten plus years have been on the board and in many capacities even dual roles including the third woman and fiftieth president. I thank God for the privilege to continue to serve as in all I do I believe in service above self.

PROFILE FOR THE MONTH

SHEBA O'BRIEN

I believe that each one of us can make a contribution to the improvement of our communities; Which is the mission of rotary. Rotary has enabled me to make a far greater contribution to our society than could have been imagined.

RC ST. LUCIA

Empower Girls
Youth Development

The Rotary Club of St. Lucia embarked on an 'Empower Girls' initiative with approximately 200 girls. The main aim of the initiative was to empower girls across the globe by providing self-awareness and career guidance. The sessions commenced with three schools where there were Interactors and one school where there is a potential for an interact club to be formed. Each school had to come up with an initiative that would be sustainable and can be utilized to empower other young girls. The Interactors were given the opportunity to present their initiatives and the sessions were concluded with a grand lunch and fellowship.

RC ST. LUCIA

Childhood Obesity
Youth Development

From the inception of the launch of the Childhood Obesity project the Rotary Club of St. Lucia brain stormed a number of initiatives to bring about awareness and to help curb childhood obesity in St Lucia. The initiatives chosen were a fellowship fun walk from Mega J to Pigeon Pointe on Sunday March 6, 2022 (600km) and vegetable kitchen gardens. The gardens were cultivated by children with supervision from their parents and monitoring and evaluating from the Rotary Club of St. Lucia. On a daily basis the participants would water the plants as a form of exercise and would prune on a needs basis. This is to encourage healthy eating which would in turn contribute to healthy styles.
