IT'S ROTARY FELLOWSHIPS MONTH

THE ROTARY 4-WAY TEST

The Four-way test 'formula' guides our International membership. The creed which states:

- Is it the **TRUTH**?
- Is it **FAIR** to all concerned?
- Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
- Will it be **BENEFICIAL** to all concerned?

The fellowship of true friends who can hear you out, share your joys, help carry your burdens, and correctly counsel you is priceless.

THE PRESIDENT'S MESSAGE

THANK YOU

KETURAH DONAI

We have come to the end of yet another Rotary year under the theme 'serve to change lives'. This year we demonstrated what is really meant to be a true servant, in all projects executed. Through our member engagement and retention initiatives, we got to know each other better and as a result we were able to create stronger bonds which each other. Caring for persons who were marginalized and vulnerable brought joy to our hearts. This was done via our feeding programmes, distribution of sanitization supplies, distribution of over 12,000 masks, provision of food hampers, Christmas children's party and so many more initiatives.

In this final newsletter as President of the Rotary Club of St Lucia, I would like to say THANK YOU! Thank you to all Rotarians who have assisted in one way or another to ensure that the objectives and goals for the year was met. Some of you went over and beyond and provided spiritual, physical and emotional support. All of our achievements would not be possible without your valuable contribution. To our readers, I would like to encourage you to keep supporting the Rotary club as many individuals throughout the year felt that Rotary saved them and their families. They are optimistic that others like themselves can look forward to help when in need.

To all interact, rotaract, rotary satellite and all rotary clubs thank you. Our district and international clubs thank you for your partnerships. To the media houses, thank you for consistent coverage of the activities, all possible through Mr. Marius Modeste and to our Spoke Editor, Natoya Cassius, thank you for your patience, innovation and hard work.

I wish all God's blessings and I would like to encourage you to rally behind our incoming President as he takes up the mantle of Presidency in continuing the work which has already begun. God is great and greatly to be praised!

Rotary Prayer – During the Covid-19 Pandemic

May we who are merely inconvenienced, remember those whose lives are at stake.

May we who have little risk factors,
remember those most vulnerable, with difficult choices to make.

May we who have the luxury of homes and jobs that pay,
remember those who are helpless and have no place to stay.

May we who have close families and surrounded by friends who care,
remember those who have no options, who survive on loneliness and fear.

May we who have each other, as Rotarians willing to give,
remember the least among us who only wants to live.

May we with our Rotary ideals and a purpose to fulfill,
Keep fighting for humanity and not be found standing still.

Amen

EDITOR'S NOTE

CHANGE IS HERE

NATOYA CASSIUS

My tenure as the Spoke Editor and Youth Services Director has come to an end. Thank you dear readers for the feedback and time you have taken to engage in consuming this little production. I now give way to Angela and Daniel respectively to embark upon their own journeys. Welcome, my fellow Rotarians!

I leave you all with a poem I find most fitting to this transition.

The Change Has Come

The change has come, and Helen sleeps—
Not sleeps; but wakes to greater deeps
Of wisdom, glory, truth, and light,
Than ever blessed her seeking sight,
In this low, long, lethargic night,
Worn out with strife
Which men call life.
The change has come, and who would say
“I would it were not come to-day”?
What were the respite till to-morrow?
Postponement of a certain sorrow,
From which each passing day would borrow!
Let grief be dumb,
The change has come.
Paul Laurence Dunbar

ROTARY AREAS OF FOCUS

Rotary is a global network of 1.2 million neighbors, friends, leaders, and problem-solvers who see a world where people unite and take action to create lasting change – across the globe, in our communities, and in ourselves.

Rotary is dedicated to causes that build international relationships, improve lives, and create a better world to support our peace efforts and end polio forever.

We direct our efforts to enhance our local and global impact. Our most successful and sustainable projects and activities tend to fall within the following areas:

Promoting Peace

Fighting Disease

Providing clean water,
sanitation, and hygiene

Saving mothers and children

Supporting education

Growing local economies

Protecting the environment

SUCCESSION PLANNING

JUNE 21ST 2022

Succession planning is a process for identifying and developing members with the potential to fill key leadership positions in the organization/club.

It is important to maintain a system of recruitment, training, and replacement to ensure long-term investment in leadership talent.

IPP Leathon highlighted some important points really gives the concept meaning in the snippet below.

A few questions we may need to consider in putting our succession plans together are:

1. How will the club develop and nurture its future leaders? (Understudy programme? /mentorship? /assign responsibilities early to get people engaged as soon as possible?)
2. How will we assure a continuing sequence of competent people to assume leadership when current leaders move on? (Concerted effort to target “certain” people? /set quotas?/Stick to old & proven traditions?/revise criteria & desired personal qualities that we are looking for in prospective members?) I’m simply asking the questions here.....I’m not necessarily recommending any particular action. I’m interested in what our members think.
3. How will we plan the Club’s future without some assurance that key positions will be filled? (convince each member they have a duty to serve and that the club also has an expectation that they will serve?/convince competent Directors and Officers to serve at least 2 terms consecutively?.....there is some merit in this for certain roles e.g. Treasurer (Andre and Alan and several others are a cases in point/Community Services....depending on continuity of multi-year projects?).
4. We must therefore ensure that we align as much as possible our Succession Plans with our broader Strategic Plan because this is where in large measure, the future of our Club gets determined and this is where a certain level of discipline is instilled in what we do and how we go about doing it.
5. Quotation by Benjamin Franklin, one of Americas most famous Founding Fathers: “If you fail to plan, you are planning to fail”. This is a simple but profound statement that says it all when it comes to planning.

THE QUEEN'S PLATINUM JUBILEE BEACONS

LESLIE SAUNDERSON – BRIEF HISTORY

JUNE 02ND 2022

The queen was born in 1926, she was not destined to be queen but 10 years later when her uncle abdicated her father become king, then the Queen would be next in line to the throne. Her service to the nation started before she was queen. But she was just 19 when the 2nd world war broke out and the queen joined the women Auxiliary Territorial Service (ATS) where she learned about mechanics and she was driving ambulances, jeeps and being a part of the war efforts. In 1952 she become queen of the UK and commonwealth where she dedicated her life to service for the people.

Tonight we are here to light a beacon which is been lite all over the UK and the commonwealth. The literature about this event estimates that over 2000 beacons will be lite but the final count will be much higher and it is just so exciting to be part of this occasion right here in St Lucia. Many thanks to President Keturah and Vice President Selma for their remarkable efforts in putting this wonderful occasion together. I enjoy doing activities with the Rotary Club of St Lucia because it is always well put together with a sense of humor and poised, at the same time with such fun and excitement. Happy 70th celebrations on this platinum jubilee!!!

THE QUEEN'S PLATINUM JUBILEE BEACONS

PRESIDENT KETURAH QUEEN'S SPEECH

JUNE 02ND 2022

It is such an honour and my pleasure as the President of the Rotary Club of St Lucia to stand here before you on this auspicious occasion-the platinum Jubilee of Queen Elizabeth the second. This invitation came to the Rotary Club of St Lucia from the Rotary Club of London. The request was for all Commonwealth countries to take part in this grande celebration. Today, June 2, 2022, we are making history and we need to note this in our calendars, diaries, black Berries, book berries, Android and apple devices.

Tonight during our celebration we will be lighting a beacon as it is a symbol of tribute to her majesty the Queen. Beacons date back to hundreds of years when beacon chains were used as communication tools a long tradition of celebrating jubilees.

In recent years it represents key moments of national significance. Together at the same time with all commonwealth countries, we will light the beacon in celebration of the record breaking queen's 70th reign. We take part as many of our goals align with the philanthropic charities of Queen Elizabeth. British royals support hundreds of charities with Queen Elizabeth the second and at one point she was said to have raised 2 billion dollars a year. Some of her charities include:

1. The royal British legend
2. The hallow Trust
3. Centre Pointe
4. The royal horticulture society
5. The royal foundation
6. The Prince's trust

The Prince's trust began recently engaging some of our learning institutions right here in St Lucia to offer capacity building.

Amidst all that I am here to welcome you to this rare occasion. No other monarch in British history has ever celebrated 70 years of service. Our fellow Rotarians in many countries at this time are celebrating with us. Let us salute and celebrate Queen and country on this auspices occasion.

THE QUEEN'S PLATINUM JUBILEE BEACONS

REMARKS OF IPP LEATHON KHAN
ASSISTANT DISTRICT GOVERNOR, DISTRICT 7030 – SAINT LUCIA

JUNE 02ND 2022

AG Leathon Khan expressed his delighted to have been invited to this historic event as we gathered to recognize, honour and celebrate an amazing milestone in the life of a remarkable human being, Her Majesty Queen Elizabeth II, on the occasion of the 70th anniversary of her accession to the Throne. On February 6, 2022, Her Majesty Queen Elizabeth became the first British Monarch to celebrate a Platinum Jubilee.

The world light up the QUEEN'S PLATINUM JUBILEE BEACONS to pay tribute to Her Majesty, in keeping with the historical significance of this moment.

All throughout the United Kingdom, the Isles of Man, the Channel Islands and UK Overseas Territories the night came aglow with lit beacons, shedding a symbolic light on an unmatched legacy that will undoubtedly live on for many generations to come.

AG Leathon offered praise and honor to Her Majesty who, 'is indeed a living and undeniable Legend, and regardless of the emerging "winds of change" that caress the hills, valleys, shores and the Halls of Power of our islands, her impact on this region and across with wider Commonwealth of Nations, will remain embedded in our collective consciousness.'

He expressed his thanks and well wishes to Her Majesty, and by extension the people of the United Kingdom on behalf of the entire Rotary Family in Saint Lucia, 'May God continue to grant her and her family, good health, and an abundance of blessings.'

Caribbean SEA is Now WaterWays!

Caribbean Student Environmental Alliance (SEA) began its work at Ciceron Secondary School in 2004 under the watchful eyes of the principal, Ron Isaac, and in partnership with Carilec, Lucelec, Solid Waste Management, and Sustainable Development. That initial project was a great success, and Caribbean SEA launched! Fast forward to post-pandemic restrictions, and Caribbean SEA celebrated World Environment Day and World Oceans Day with a weeklong series of events to initiate our rebranding to WaterWays. Our Board of Directors saw the need to rebrand ourselves to better represent what we do and our mission; thus, the name was changed to WaterWays in 2019 in the US, and now we have officially changed our name for our Caribbean chapter to WaterWays in Saint Lucia. The events all focused on our mission of empowering youth and community members to protect and restore the waterways where they live, work, and play. Our Young Professionals Advisory Board was instrumental to the success of our rebranding, hosting the Trivia Night at the Yacht Club and assisting with all of the other events!

We began the events on Friday, June 3rd by announcing an island-wide Treasure Hunt. Twenty rocks painted with the flag of Saint Lucia were hidden on beaches, waterfalls, and along trails to encourage people to get outdoors and explore their environment. Coordinated by our Marketing and Education staff member, Colleen Edwards, this activity was a big hit! We had several people searching for hours on their beach or river while continuing to ask for hints! Picture clues were posted on our social media pages (WaterWays and Caribbean Student Environmental Alliance on Facebook and @caribbean_waterways on Instagram). Most of the rocks have been found, but two are still out there! Go take a look!

On Saturday, June 4th, the WaterWays Young Professionals Board hosted a Trivia Night at the Saint Lucia Yacht Club at Reduit Beach. All participants had a great time during the night, led by trivia master Monique. Teams had a friendly competition to see

who knew the most about Saint Lucia. Many realized there was a lot they did not know and got to learn. There was a unanimous call to make this event a regular event to bring youth together to learn about our island. Our new Young Professionals President, Fisheries Biologist Monique Calderon, invites young persons up to 40 to join the group.

Every year World Environment Day is celebrated on June 5th. The theme for this year was Only One Earth. The Saint Lucia National Trust facilitated use of the Pigeon Island National Landmark for our first ever Snorkel Day. We decided it fitting to invite the public to PiNL for free snorkeling lessons and use of our snorkel gear. We had over 20 Saint Lucians who seized this opportunity. Our first

family had never been snorkeling; however, when their session was done, the father asked to keep the mask for another hour. He exclaimed, "I never realized this was so much fun, and there is so much to see!" Participants were also afforded the opportunity to experience SNUBA with Sea Trek Adventures at a discounted price. We plan

to hold more snorkeling sessions in the future. Follow us on social media for dates, times and locations.

Every Year, the 8th of June is World Oceans Day. In keeping with this year's theme, Revitalization: Collective Action for the Ocean, we launched an initiative that calls for collective action with all Saint Lucians. WaterWays partnered with the Rotary Satellite Club of Saint Lucia – Sunset to launch our Adopt-A-River program. Adopt a River seeks businesses, groups, students, families, and even individuals to adopt a section of the river and provide stewardship actions for their adopted segment. Each adopter will receive a sign to place at their segment. This rotary club adopted the Choc River downstream of the Choc Roundabout. The result of their cleanup was astounding. It's heartening to see what we can accomplish when working together. Others interested in Adopting a River can contact Nadia Cazaubon, WaterWays Programme Director.
