The power of youth is the common wealth for the entire world. The faces of young people are the faces of our past, our present and our future. No segment in the society can match with the power, idealism, enthusiasm and courage of the young people.

-Kailash Satyarthi

VISION: "Together, we see a world where people unite and take action to create lasting change - across the globe, in our communities, and in ourselves."

# THE PRESIDENT'S MESSAGE

## WHY NOT LISTEN?

We are in the year 2022 and some people are still grappling with the fact that the methods used to raise children 45 plus years ago are not applicable now. Some believe that because it worked for them it should work for their children. They fail to realize that this era is about technology and limited sociability. Parents are to find new ways and means to raise their children to become respectable men and women. Gone are the times when corporal punishment, kneeling in a corner for hours or taking away of valuable things worked.

KETURAH DONAI

Parents and guardians must teach their youth how to be respectful, courteous, to have integrity and to demonstrate professional conduct. They must be emotionally intelligent knowing when and how to speak. The anomaly stems from some parents, who did not achieve certain goals in life and they expect their youth to achieve them on their behalf. They force career choices instead of guiding them and forget the softer side of life. They set unrealistic goals and expect the youth to achieve them. These unrealistic expectations they set cause rebellion and they cannot seem to understand why the youth are non-responsive. How can that be resolved?

The solutions lie with our youth, why not listen to them? They have been crying out for help and have their own views on how things can work out. Adults think they know what's best" and in some instances they do not. Our youth are suffering with mental illnesses because they cannot cope with the list of expectations assigned to them. They get overwhelmed and act out in strange ways and places. They feel obligated to comply but deep within they do not want to obey. They feel that they have no voice and if they go contrary to what is told of them, they would be marginalized and discriminated against. The time has arrived to wake up and pay attention to the needs of our youth. Listen more and the answers will come. share and be more honest with them. Harness their strengths and be empathetic about their weaknesses working on them together. Seek help where necessary.

The month of May was celebrated as youth month. This celebration was concluded with a youth symposium and the forum was used to express inner pain and needs for youth. Although we can assist with life skills and support we need the parents and teachers to Listen, listen and listen again.

### Rotary Prayer – During the Covid-19 Pandemic

May we who are merely inconvenienced, remember those whose lives are at stake.

May we who have little risk factors,  
remember those most vulnerable, with difficult choices to make.

May we who have the luxury of homes and jobs that pay,  
remember those who are helpless and have no place to stay.

May we who have close families and surrounded by friends who care,  
remember those who have no options, who survive on loneliness and fear.

May we who have each other, as Rotarians willing to give,  
remember the least among us who only wants to live.

May we with our Rotary ideals and a purpose to fulfill,  
Keep fighting for humanity and not be found standing still.

Amen

## EDITOR'S NOTE TO THE YOUTH

As the Youth Services Director and somewhat of a youth myself, I suppose we are at that stage of life where we look hopeful to the future; where we take on different responsibilities and really make us an 'adult'. Or as we say....adulthood.

We are at the point where we strive to 'get it right'! The magical formula that is supposed to make us into the epitome of perfection. Do we ever realize, though, that no one actually gets it right? Perhaps some version of 'right,' although it varies from person to person. My advice to young people is to stay true to themselves. Enhance the advantages, reduce the negatives, but remain true to yourself. Keep in mind that you must grow and that there are various levels of 'you.' The 'you' of 15 will not be the same as the 'you' of 25.

One more thing.... find someone to mentor you. Someone you can seek guidance from in both your personal and professional life. Mentors typically have specific knowledge and can teach you vital life lessons, assist you in making difficult decisions, and educate you in general. It could be a teacher, a supervisor, or a boss. At the most basic level, your mentor should have more experience than you and a track record of success.

## ADVICE FOR THE YOUTH

Do not give up and finish what you start! You may feel you cannot make it but hang on. The light is at the end of the tunnel.

## YOUTH SYMPOSIUM

### EMPOWERMENT TO CHANGE LIVES- SUMMARY BY SHERLON LEON

MAY 27TH 2022

I remember asking parents of an adolescent boy “what are your future plans for your son?” without hesitation the young man’s father responded, “a good government job, preferably one where he works in AC!” By all means his response suggested that such an achievement by their lone son was not only perceived as an improvement from his parents’ current employment situation but also a proud achievement for the young man himself.

As I listened to the parent’s honest ambitions for his beloved son, I could not help but contemplate, the true ceiling of this young man’s God given ability. Would his ambitions be inadvertently limited to his parents wishes or was it that his parents simple knew their son better than I, a stranger? Empowering to change lives, is not something any of us can do, however it is about creating an environment that encourages the maximizing of one’s deepest talents and abilities.

William Glasser was an American psychiatrist who pioneered Choice Theory. Choice Theory is based on the simple premise that every individual has the power to control themselves and has limited power to control others. Individuals are empowered to take responsibility for their choices and support others in taking ownership of their choices.

Choice theory has 10 axioms, of which the first states:

The only person whose behavior you can control is your own.

How then is anyone expected to lead or empower change in the lives of others if it is impossible to control the behaviours of others? Truth is all anyone can do is encourage someone else to take responsibility and ownership for their choices. This challenge daily frustrates parents, partners, friends as well as corporate, political, and religious leaders. As a service group whose primary focus is to improve the lives of the people in the communities that we exist, this axiom may be worth noting along with its unavoidable challenge. In order to truly lead change in a life other than our own, specifically the life of young person I would like to propose a two-pronged approach.

## YOUTH SYMPOSIUM

### EMPOWERMENT TO CHANGE LIVES- SUMMARY BY SHERLON LEON

MAY 27TH 2022

Dare our youth to dream as well as the Creation of high accountability cultures.

Too many of our St. Lucian youth are achieving goals well beneath their gifts and abilities.

According to Michelangelo, "The greater danger for most of us lies not in setting our aim too high and falling short; but in setting our aim too low and achieving our mark." As mentors and guardians of the next generation it is our job to help our youth break the ceilings of their ambition, through the encouragement of Super, Massive, Awesome, Ridiculous goals or as I refer to them SMART goals.

If we can get our youth to aim above the ambitions dictated to them by their communities, we are daring them to set goals that exist well above their wildest dreams.

These goals will seem super, massive and in many cases ridiculous, as their current situations would not dare point them to such lofty heights. However only by aiming at the ridiculous can our youth achieve the levels of success that changes lives.

What about the T in SMART, well this stands for Today. In order to achieve super, massive, awesome, ridiculous goals, it takes daily effort. his daily effort transforms a pie in the sky idea to a reality.

As mentors and guardians, when we dare our youth to dream big we have to have hold them to equally high levels of accountability. Supporting them in life outside their comfort zones, holding them to the level of discipline required to achieve the success they now subscribe to. We should embrace the difficult conversations required and a encourage a commitment to results over effort.

Glasser proposed that we are unable to change or control other's behaviour, however by daring our youth to dream "SMARTLY" and holding them accountable through good counsel, personal experience and empathy, change will be the a natural product of our influence.

## PRESENTATION OF A CERTIFICATE OF APPRECIATION' TO NSDC

MAY 27TH 2022

### INTRODUCTORY REMARKS. BY PADG DR MALCOLM CHARLES,PHF

I AM INDEED HONOURED AND HUMBLLED, TO CHAMPION the OFFICIAL RECOGNITION by our ROTARY BOARD and MEMBERSHIP ,of the 'NATIONAL SKILLS DEVELOPMENT CENTRE (NSDC), FOR THEIR 'UNFETTERED COLLABORATION AND CONTRIBUTION, to our ROTARY ORGANISATION, especially in our on going efforts during the local and global Pandemic Lockdown, residue of which unfortunately ,continues to plague us.

Rotarians will recall, that once our regular meeting place (at SANDALS HALCYON) became unavailable, the NSDC 'stepped up to the plate' by providing use of their premises ,in an even more meaningful way, to facilitate continuity of our Humanitarian Programs , including Youth Seminars, Hosting of Hybrid Weekly meetings, Storage of Foodstuff for our 'Feeding the Impoverish Programs, including the Cooking and preparation of such meals, to hosting of District level (Rotary Central) Meetings and the list goes on.

It this regard therefore, , the Rotary Club of Saint Lucia and our District 7030 Governance 'machinery' by extension, wish to recognise and honour, NSDC's contribution to our Saint Lucian Community, even through the most challenging of times.

To you and your Staff , we collectively extend a heartfelt 'Thank You'....

So today, we are also honoured to invite our District Governor Sonia Alleyne, to personally present on our behalf, a 'CERTIFICATE OF APPRECIATION' in recognition of NSDC's unselfish contribution to the betterment of our Community, as we continue our lifelong journey of 'SERVICE ABOVE SELF'.

## ROTARY IN A MINUTE

### GORDON JULIEN

In my 18 years as a Rotarian, the need for rotary is even more critical today with the global impact of the pandemic on the vulnerable members of our community. It is important that we find strength in numbers to address the needs of our community. Each of us individually and collectively can make a difference.

## PROFILE FOR THE MONTH

### DANIEL NUNEZ

Rotary is great because of its strengths in numbers. There are projects and initiatives that would be difficult for me as an individual to pursue, but as a group, it will be easier, more impactful and sustainable in the long run.

## KNOW YOUR ROTARIAN- KONRAD WAGNER

MAY 14TH 2022

Konrad Wagner is the oldest of five children and was born in a small village called Weng in Austria. He spent most of his childhood days on a farm with his grandparents playing with all types of animals. He lived a simple life and enjoyed hiking and rock climbing with his siblings. At the age of 15 he got an opportunity to work as an apprentice in the hospitality industry as a waiter. His mobilization began from there and by the age of 18 he spent some time looking for a job. But he quickly realized that being a waiter was not sufficient to afford him the opportunity that he wanted in life. He made a plan as to where he wanted to be by the age of 25 and worked hard to fulfill that plan. During that time he learned various languages and continued his education in the field of hospitality.

In 1985 he got an opportunity to meet a friend in Jamaica and was offered a job. He met the love of his life – Kris while she was on vacation in Jamaica. They really hit it off and they got married years later. They have two beautiful daughters. Konrad continued working for Sandals and in 2009 was able to start a business in St Lucia. He is the proprietor of one of the most beautiful resorts in St Lucia - Calabash Cove Resort & Spa.

In the year 1987 He became a Rotarian, his proposer were Malcolm Charles and Tony Austin. Since his inception he has undertaken many projects and is a major contributor to the Rotary foundation. He is a hard and dedicated Rotarian and believes in going the extra mile to get the job done. He is always busy but he makes time for Rotary. If you want a project done, you can rely on Konrad – he will get it done. He has a big heart and loves to help people. Konrad favorite response to 'how are you doing?' - "LIVING MY DREAM"
