

Dear Lake Arrowhead Rotary,

I wanted to take the time to thank you so much for your generous scholarship, and the time you took into reading my application for it. Being involved with Rim of the World's Interact Club was truly the highlight of my high school years. It showed me how much I love volunteering and helping others in need. It gave me a ton of joy to be able to be a part of something so amazing and dynamic. Having gone through PRUDE, RYLA, three years as an Interact Club member, and an Interact officer showed me how important community service is. It helped me find my career path, my passion, as well as lifetime friends. Attending a number of your club meetings at Woody's Boothouse, I saw the compassion you all have in making a difference in other's lives, and it's truly inspiring. I hope to be involved in Rotaract Club in college, and look forward to becoming a future Rotarian. Thank you from the bottom of my heart for not only my scholarship towards my educational future, but for also making an incredible difference in my life and others. I sincerely appreciate it.

With admiration,

Delaney Dulin
