

Dear Lake Arrowhead Rotary,

I wanted to take the time to thank you so much for your generous scholarship, and the time you took into reading my application for it. Being involved with Rim of the World's Interact Club was truly the highlight of my high school years. It showed me how much I love volunteering and helping others in need. It gave me a ton of joy to be able to be a part of something so amazing and dynamic. Having gone through PRUDE, RYLA, three years as an Interact Club member, and an Interact officer showed me how important community service is. It helped me find my career path, my passion, as well as lifetime friends. Attending a number of your club meetings at Woody's Boothouse, I saw the compassion you all have in making a difference in other's lives, and it's truly inspiring. I hope to be involved in Rotaract Club in college, and look forward to becoming a future Rotarian. Thank you from the bottom of my heart for not only my scholarship towards my educational future, but for also making an incredible difference in my life and others. I sincerely appreciate it.

With admiration,

Delaney Dulin

My name is Isabel Hernandez Chavez and I would like to thank Rotary my Scholarship Award. I was glad to be recognized by Rotary because I enjoy being able to serve along side their members. I know the scholarship will be put to good use and help me further to reach my goal. Thank you again and for the service hours you've helped me achieve.

♥ Isabel H.

Dear Aylene W. Popka,

I would first like to start by apologizing for the lateness of this thank you letter. The pressures of college have already kicked into full force in terms of my school schedule. I can't begin to express my appreciation and gratitude for the beyond generous scholarship you awarded me at service awards night. It's difficult to put into words how much this award is going to help me, and again I can't thank you enough. It's people like you and other members of the Rotary that help the communities youth achieve such greatness. Thank you so much. - Samantha Songini

Dear Rotary Club of Lake Arrowhead,
Thank-you so much for your
generous scholarship; it truly helps
my family afford to send me to
U.C. Berkeley. This is one of my
favorite places on campus and
Cal is one of my favorite places
in the world. Thank-you for helping
my dreams come true. *Mike Scovill*

Dear Rotary Club of Lake Arrowhead,

I'd like to take the time to express my deep gratitude for the scholarship I received. Your generosity will help me continue my education at the University of California, Berkeley. I will use my education to better myself, as well as the society we live in. I hope to one day follow your example and give back to this great mountain community I so proudly call home.

Sincerely,

A handwritten signature in cursive script, appearing to read "Tristan Moss-Vazquez". The signature is written in dark ink and is positioned below the word "Sincerely,".

Tristan Moss-Vazquez

I would just like to give my warmest thanks to Rotary for awarding me with such a generous scholarship for my work with Rim High's Interact Club. With your help and the help of other organizations my first year of college tuition has been paid for and I can not thank you enough for the help. Being a part of Interact Club changed my life for the better and I would like to continue collaborating with Rotary to make the world a better place. Community service has molded me into a better human being and has become a crucial and important part of my life that pushes me to continue helping people locally and internationally. Interact Club allowed to me to discover my passion for aiding others and even directed me into my intended career as a nurse. I would like to thank Rotary members for all the time and effort that they put in to raise money for several causes and for supporting a large portion of the youth up on the mountain in myriad ways; it has become a goal of mine to be a part of the community like Rotary members.

Thank you so much for all you have done and for your kind contribution to my academic future.

- An appreciative student,

Dianna Vega
