Stewardship Report Summary Rotary Year 2019-20

(Presented by IPP Peter Williams)

Our club under the stewardship of IPP Peter Williams had quite a productive year which resulted in many positive gains, even with the turn of events in 2020 due to the Covid-19 pandemic. Some of the salient points from the report are as follows:

- Recruitment was up 12.5%, with a 94% retention rate of membership.
- Attendance by membership was averaging over 70% monthly.
- Clubs By-Laws and Constitution were revised and approved in May 2020.
- Monetary donations to District campaigns such as Hurricane Dorian relief efforts, World Polio Day joint campaign, Diabetes campaign, Rotary Foundation.
- Surplus on Club Funds of BB\$20K.
- Service continues to be the focus of the club, with initiatives and involvement over the past year such as Blood & Kidney Centre donations, School Safety Signs, Model United Nations (MUN) 2020, Salvation Army, Organ Donations, Christmas gift donations to Children's home.
- Our involvement since the Covid-19 pandemic has been commendable, from solutions-based planning and organization, donations, giving of service, and member engagement.
- New opportunities to engage via Zoom with Rotary members both locally and international, such as RIPP Barry Rassin, and RI President Elect Holger Knaack and many other Rotarians.
- The club had great public relations coverage this year via the media and social media of its projects and community based programmes.
- Continued engagement in our club's projects, such as The Schoolhouse for special needs, Carols By Candlelight, Model United Nations.

THANKS TO ALL ROTARIANS

Supporting the environment
becomes a new area of focus

The Rotary Foundation Trustees and Rotary International Board of Directors have both unanimously approved adding a new area of focus: supporting the environment.

More than \$18 million in Foundation global grant funding has been allocated to environment-related projects over the past five years. Creating a distinct area of focus to support the environment will give Rotary members even more ways to bring about positive change in the world and increase our impact.

Supporting the environment becomes Rotary's seventh area of focus, which are categories of service activities supported by global grants. It joins peacebuilding and conflict prevention; disease prevention and treatment; water, sanitation, and hygiene; maternal and child health; basic education and literacy; and community economic development.

Grant applications for projects will be accepted beginning on 1 July 2021. Gifts and commitments from Rotarians and others will be sought to provide global grant support for the new area of focus.

More information about this new cause will be announced soon.

Congratulations to the membership of the Rotaract Club of Barbados for a stellar performance for 2019-20.

Rotary
