DG Roger Bose received brief presentations from each club

president on their respective club and projects. He also heard from the faculty advisors. The DG then gave a brief presentation during which he encouraged all clubs to join forces more often and work towards creating better brand recognition for Rotary on island. He also encouraged the clubs to dedicate a new or existing project to the Rotary Foundation's 100th anniversary. A project which can continue and grow year over year. The youth were very responsive to the DG and were very active in the Q&A sessions.

AND THEN FELLOWSHIP WITH THE THREE CLUBS:

Amidst the beautiful setting at Port St. Charles Marina, the three clubs met and enjoyed both fellowship and a wonderful repast with DG Bose.

IPP Jedder was President in 2015-16 during which time his project "Community Challenge" was adopted and saw assistance being rendered to persons in need by our Club including but not limited to dental health for needy children, awareness of homeless people and housing and housing needs for the needy. Prior to becoming president IPP Jedder served as Club Service Director under the Presidency of Director PP Brenda and as Vocational Service Director from 2012—2014. RTN NEVILLE LeROY "ROY" SMITH

Past Secretary Neville LeRoy "Roy" Smith, affectionately known to all as 'Roy' joined Rotary on November 01, 1976. This year Rtn. Roy will be celebrating **40 years** with RCoB. when introduced by the then Secretary Mr. Fred Allen. During his years at the Club he has served as Treasurer, Secretary, Assistant Secretary and Vice President of the Club. ROTARY INTERNATIONAL NEWS:

2016 World Polio Day—Oct. 24 (extract from WHO website <http://www.who.int/life-course/news/events/2016-world-polio-day/en/>)

World Polio Day was established by Rotary International over a decade ago to commemorate the birth of Jonas Salk, who led the first team to develop a vaccine against poliomyelitis. Use of this inactivated poliovirus vaccine and subsequent widespread use of the oral poliovirus, developed by Albert Sabin, led to the establishment of the Global Polio Eradication Initiative. Polio is a crippling and potentially fatal infectious disease. There is no cure, but there are safe and effective vaccines. Polio can be prevented through immunization. Polio vaccine, given multiple times, almost always protects a child for life.
