Global grant provides clean water for Turkish schools, builds Rotary awareness

Turkish Rotarians have provided 2,500 students in four schools in Adana, Turkey, with new toilets and clean water facilities through a water and sanitation project supported by a Rotary Foundation global grant.

The project, sponsored by the Rotary clubs of Adana-Cukurova, Turkey, and Frutal, Minas Gerais, Brazil, demonstrates how Rotary's new grant model can enable Rotarians to reach more people in need and make a larger and more lasting impact by involving the community, having a measurable outcome, and building in sustainability.

The effort also shows how the grant model can be used to increase the public's awareness of Rotary. The Turkish club sponsored concerts by a chorus of Rotarians and Rotaractors in Istanbul and Adana, and arranged newspaper and television coverage, which helped raise funds for the project and publicize Rotary's role.

Assessing local needs

The Turkish Rotarians began conducting a needs assessment in January 2011 to come up with a project that improved health and hygiene at local schools. The club is in District 2430, part of the Future Vision pilot, which is testing the Rotary Foundation's new grant model in advance of it being applied to all districts in July 2013.

After determining the shape of their project, the Rotarians sought an international sponsor, and discovered through RI's LinkedIn group that District 4770, also in the pilot, was looking for a partner for a global grant project with a focus on health.

The two districts stayed in contact through the Future Vision LinkedIn group, and later submitted a global grant application, with the Frutal club serving as international partner. The project addressed two of Rotary's areas of focus: water and sanitation and disease prevention and treatment.

Rotary condemns attacks targeting health workers in Nigeria

Here is a statement from Rotary Foundation Trustee Chair Wilfrid J. Wilkinson concerning the attacks on health workers in Nigeria:

Rotary International joins the Government of Nigeria and our partners in the Global Polio Eradication Initiative in condemning recent attacks in Kano, Nigeria, that have killed and injured health workers.

We express our sympathy to the families affected, and thank all health workers for their heroic efforts to deliver vital health interventions to children the world over.

Rotary members in Nigeria -- and worldwide -- remain committed to supporting the people of Nigeria and the fight to [end polio](#) forever.
