ROTARY INTERNATIONAL NEWS

Rotary International has honored Theresa May, Prime Minister of the United Kingdom, with the Polio Eradication Champion Award for her leadership and political support toward ending polio.

Rotary International President Barry Rassin presented the prestigious award to Alistair Burt, the UK Minister of State for International Development and Minister of State for the Middle East, at a roundtable discussion on Polio Eradication on 27 November in London, England.

Rassin told Burt, who accepted the award on May's behalf, that the UK has repeatedly demonstrated an unwavering commitment toward a polio-free world.

"Britain's leadership in making multi-year commitments in support of global Polio Eradication has been an example for other countries to follow," Rassin said. He added that flexible funding from the UK has given the Global Polio Eradication Initiative more resources to respond quickly to "dynamic needs."

Under May's leadership in 2017, the UK pledged about \$130 million to the GPEI for 2017-19, bringing the country's cumulative support for Polio Eradication to \$1.6 billion — second only to the United States. May has also been a strong advocate for other countries in the G-20 and G-7 to maintain their financial and political support for a polio-free world, Rassin said.

OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and in particular to encourage and foster:

FIRST: The development of acquaintance as an opportunity of service;

SECOND: High ethical standards in business and professions, the recognition and the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society;

THIRD: The application of the ideal of service in each Rotarian's personal, business and community life; and

FOURTH: The advancement of the international understanding, goodwill and peace through a world of fellowship of business and professional persons united in the ideal of service.
