

Rotary

The Rotary Club of Ellsworth

It is Easier Than Ever to Make Rotary Part of Your Organization!

Rotary offers people within your organization the opportunity to team with other local leaders and community members to do great things to serve our local and global community while improving leadership and communication skills in a supportive environment.

The Rotary Club of Ellsworth is now making available corporate memberships that allow multiple people within an organization to belong to our local Rotary Club for an attractive group rate and joining under the corporate membership can add community service to your business profile.

Our meetings are engaging and our membership expectations are realistic and flexible.

We invite you to learn more about this unique opportunity by visiting our website or by contacting Membership Chair Marian Wells at 667-6206/sagegirl65@gmail.com.
