In an effort to create awareness the students were given a T-Shirt with the logo “Health Eating Begins With Breakfast” (“the logo”), a

water bottle with the Rotary logo, a pencil case with two pens, two pencils an eraser and a lead sharpener, a Diabetes wrist band, a printed copy book with the Logo of this year’s diabetes theme and Rotary’s logo, together with a diabetic pin.

Nurse Educator Dimple Ramlogan Stoute and Rotarian Zobida Ragbirsingh had a conversation with the students on the importance of healthy eating, exercise and awareness in the prevention of Diabetes and DEAPS – Diabetes Education Awareness in Primary Schools.

Members of the Diabetes Association of Trinidad and Tobago Princes Town Branch and Mr. Adesh Paragasingh, a medical representative from Physicians Pharmaceutical Ltd., who volunteered their time and expertise, assisted by conducting diabetes screening and testing on approximately fifty persons, which included children and other members of the public. Mr. Paragasingh distributed vitamins to all persons who were tested and items for diabetics.

Rotarians dressed in T-Shirts with the logo assisted with the distribution of the breakfast plates and other items. Specially invited guest Mr. Akenath Singh Chairman of the Princes Town Regional Corporation commended the Club on its efforts to promote healthy living and pledged his support to the Club.

This event was financed through the use of part proceeds from the Club’s recent Annual Tea & Fashion Event, Fleur, and the Club once again takes the opportunity to thank its supporters for their continued support of its charitable endeavors.
