MEETING RECAP

MAY 19, 2023

On Friday, the club gathered for a regular meeting. We were joined by our speakers, Heather Lyon and Mary Kimball, with the Center for Land Based Learning.

Heather and Mary shared about the upcoming 2023 season, the mobile farmers market (launching May 30) and the communities they now serve.

We also played two truths and a lie with Alicia Mittleman. Turns out our Alicia started grad school at 21 and has been a social worker for 20 years. She has also done two 300 mile bike rides for charity. BUT...she and her son do not share the same birthday.

Member Spotlight

Chris White

Profession:

Electric Vehicle Consultant

Children's Names and Ages, if any:

Three adult children – Evan, a teacher at Southport Elementary; Marcial, a programmer for Wizards of the Coast online games; Ansel, a welder. Two grandchildren, Monte, 19, and Enzo, 13.

If you have children, which child is your favorite and why? (It's okay, you can tell us...)

Evan lives in Sacramento and I see him several times a week. The others all live in other states and I don't see them often.

If you had to be stranded on a desert island with a Rotary Member, who would you pick and why?

Having watched lots of "stranded on an island" movies, my pick would be someone resourceful, creative, and wouldn't try to eat me when food got tight. I'd pick Danielle.

What is one thing most people don't know about you?

People don't know that I graduated high school at 16 and college just shy of my 19th birthday. I was on a mission to get school over with and start earning money. It was a big mistake and I wish I'd had a regular high school and college experience.

What is your favorite part of Rotary?

I like the diversity of people and learning about their lives.

Name three things you can't live without (can't be people):

Coffee, dental care (I'm a little obsessed with clean teeth), and games to play.
