CELEBRATE—ROTARY IS A GIFT

SPEAKER PROGRAM

**Program: Michelle and Rachel Buller,
Robinhooding for Homeless**

Impressing Rotarians is no small feat. Michelle and Rachel Buller did just that with their presentation to the members and guests on their grassroots movement to help the homeless. Robinhooding for Homeless was inspired by Michelle as she helped clean out a family friend's

house who was a hoarder. Amongst all the items in the house were numerous personal size bottles of shampoo and other hygiene items. Still not knowing what to do with them all, a "light-bulb" moment occurred to her while on a hike in Yosemite. Michelle with her sister, Rachel, donated all the items to local homeless shelters. Since then, the two young women have formed their own 501(c)(3) non-profit organization. They now collect personal sized hygiene products and distribute them to over eight homeless shelters in Northern California. The club "passed the hat" to help with financial expenses, such as fuel and supplies. The Might Rotary Club of West Sacramento along with the West Sacramento Chamber of Commerce will serve as collection sites. Donation boxes will be available for members to donate items. They will accept any size product. For more information, see their website: www.robinhoodingforhomeless.com

Of the Things we Think, Say or Do:

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?

Chunk from the Buzzsaw

RCHS Interact club did their first community service project of 2014: Blankets of Love. The students learned to cut, and double knot fleece blankets. After, some of the Interact members read prayers of love, and kindness. The "Blankets of Love" will be donated to local seniors.

My friend Patty Gianatasio shopped for the materials and demonstrated how to make the blankets.

This project was to build fellowship with future Interact leaders and as an activity to benefit others.

Dr. Charyl Silva, Interact Advisor

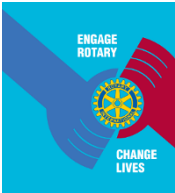

FUTURE ROTARIAN:

Julia Marie Quenga

Julia Marie Quenga is a junior at River City High School. She joined Interact halfway through her freshman year. Julia has taken on her first leadership position by being the club's Historian. Julia has not decided on a career after high school. She intends on going to college and study computer science or engineering. As to universities that she shows interest in are Sacramento State and UC San Francisco. Julia has enjoyed the Interact Conferences that she has attended. It was the first time she felt like she was truly a member of the club, and she was able to gain knowledge that would help her and the club. Julia has felt that she is not the type of person who makes a difference; she wants to show her fellow members that she is dependable and willing to put forward effort to help the club. With an attitude like that, Julia will be that person who does make a difference.
