## CELEBRATE—ROTARY IS A GIFT

**Program: Mariko Yamada, Assembly Member**

Mariko Yamada is in her 5<sup>th</sup> year as a California Legislator and is the Chair of the Aging and Long-Term Care Committee. It is from her background of being a care giver for her aging parents that formed the basis of her presentation. For 23 years, Ms. Yamada cared for her aging mother. She has become an advocate for seniors and the aging. Accidents related to falling are

the top issue for seniors, the ever increasing need for emergency services, and the second overall reason for emergency medical services. There is a great effort being made to educate the public about minimizing the risks to the aging population. Making improvements in the home of a senior can be done: it may be as simple as eliminating tripping hazards like throw rugs. Retrofitting of the typical home will be required to make it safe and usable for older residents. Businesses are find a need to adjust to the effects of aging. As eye sight deteriorates, larger fonts will be needed, for example on restaurant menus. Transportation alternatives must be made available as seniors stop driving themselves. Ms. Yamada has been making attempts to be sure homes would be safe for people to age in-place. As a County Supervisor, Ms. Yamada would not support any development without the consideration for universal access. She promoted the idea that new homes needed to be built to incorporate designs to help the aging. Long-term thinking is needed to ensure that aging population is still be able to live an independent and dignified life.

### VOCATIONAL CORNER

By Drew Gidlof, Vocational Service

This week's Vocational corner article features Joanie Kapell. Joanie currently works for Placer Title. Her journey to her current career was not a typical one. When Joanie graduated from California State University, Fullerton she waited on tables as she had done in while in school. In 1983, Joanie and her husband relocated to Sacramento. Joanie continued in the restaurant business and ended up promoted to Catering and Special Event Planning for A Shot of Class. She worked for the company for 18 years. A friend approached Joanie about an opening as a Title Sales Representative for North American Title Company. When Joanie accepted the job, she started a brand new career. As a Title Sales Rep, Joanie sold insurance on real property that assures the owner that the title is clear on that property. When the housing market crashed, three of the four West Sacramento title companies closed their doors, including North American! Fortunately for Joanie, she landed on her feet with Placer Title. Other challenges came with the downturn in the market. To survive, the company required pay cuts and furloughs. Being short handed, meant that Joanie needed to learn more about escrow side of the business. Joanie still loves the sales aspect of her job but she is grateful to have had the opportunity to advance her skills in escrow also.

### CECIL "PANCHITO" PADILLA DISCOVERING A PASSION FOR HELPING PEOPLE

Cecil "Pancho" Padilla's emotions hover so close to the surface that at times they engulf him without warning. As he recalls his involvement in setting up a Rotarian-supported dental clinic in Mulege, Mexico, his voice suddenly wavers: "I went over to the tree from where he was looking on and asked him why he wasn't part of the celebration. He said, 'I'm so embarrassed. I'm ashamed. You provided my daughter what I can't provide.'" Padilla wipes his eyes with the back of his hand, breathes deeply, and composes himself before finishing the story.

If you spend any time with Pancho, you discover that this instantaneous flood of feeling is not unusual. During his Rotary work in the field, which has taken him to more than 70 countries, he keeps his emotions in check and contributes his skills as a self-taught mechanic who can fix just about anything. But once he's back home, with time to reflect, the memories reemerge with a raw power, holding him hostage until they subside. *The ROTARIAN* – MAY 2013
