### Program: Stephen Heringer—Military Training in Business

Stephen Heringer led the typical military life. For his 10 years on active duty he lived in eight states and in 12 different homes. The time included two tours in Iraq. In 2012, he left the military. Stephen is proud of how the military is run, and he learned several lessons that he uses with the family winery. First and foremost is training. The military trains all of their personnel to work in conditions of the unknown. They are trained to know that there will always be scenarios that a soldier has never encountered before. In business, the training of employees allows them to be able to take the initiative and solve day-to-day problems. The second lesson is evaluating performances using after action reports. After a mission, the military performs an after action report to review what went right, what could be done better. In business, time needs to be set aside to do a similar review. It is important to create an environment of respect to focus on making improvements. The third lesson is mentorship. In the military, an officer always has a mentor who has served at the same rank. The mentors have the experience and this helps eliminate mistakes. In business having a mentor helps eliminate mistakes that have previously been made. Thank you Stephen for your service to the Country.

### 4 Way Test

Of the Things we Think, Say or Do:

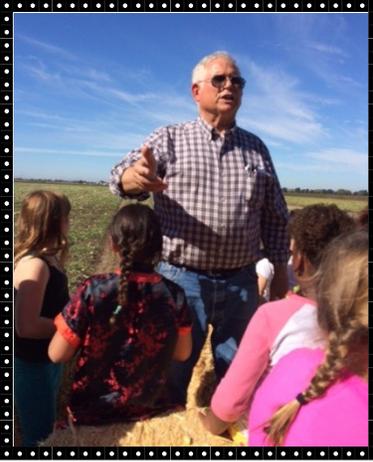

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and better FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?

**FUTURE ROTARIAN:**  
**Karen Lee**

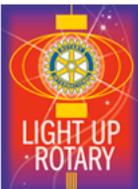

**Karen Lee is a freshman at River City High School. She became interested in the Interact Club after seeing relatives and friends join. Karen sees Interact as a great way to help out the community and also a fun experience. Outside of classes, Karen is on the varsity tennis team. She has also played piano for 8 years and even accompanies plays for her local church. Karen is focused on her studies and looks forward to being able to attend college at maybe one of the UC Schools. In the meantime, Karen looks forward to being an Interact member for all four years of high school.**
