CELEBRATE—ROTARY IS A GIFT

Program: Dr Brian King, Chancellor Los Rios
Community College District

Dr. Brian King is the Chancellor of the second largest community college district in the state. Over 80,000 students attend the four regional campuses. Dr. King expressed his appreciation to the voters in passing local and statewide funding for community colleges. Prior to this new funding, dealing with budget cuts was a struggle. Dr. King is beginning to transform each of the colleges.

Facilities are being improved to better serve the students. Education at the community college level is also being transformed. Data is readily available to students to allow them to make well informed decisions in terms of areas of study and potential careers. The information shows that obtaining even a two-year degree has positive impacts in earnings potential. The available research also helps the colleges make informed decisions. An example in the data shows that students who are prepared for college (e.g. student's lowest course attempted in Math and/or English was college level) have a higher success rate than those unprepared for college (e.g. student's lowest course attempted in Math and/or English was remedial level). Funding to the community colleges is also transforming from an enrollment based system to system based on outcomes. Dr. King wants to work with local K-12 schools to make more students ready for college. Dr. King's approach is to treat the students like family. His goal is for all to succeed.

VOCATIONAL CORNER
By Drew Gidlof, Vocational Service

Andy Wallace has been a member of the **Mighty Rotary Club of West Sacramento** since 1995. He is currently co-owner of **Wallace-Kuhl & Associates**, a geotechnical engineering and environmental consulting firm headquartered in West Sacramento with a satellite office in Stockton. Andy graduated from Chico State with a business and health care management degree. After 5 years of running convalescent hospitals and a few years in the Bay Area as VP of Operations for a health & nutrition company, he joined his now retired father at Wallace-Kuhl where he currently functions as the corporation's Chief Financial and Chief Operating Officer. The key role of the CFO/COO is to maintain the Shrine of the Company's Retired Founder and keep the chemicals in the Company Founder's Hot Tub balanced in case the founder comes by for an unscheduled visit. Also, in 2009, in the middle of the worst recession since the Great Depression, Andy started a winery with a few partners including fellow Rotarian Don Clark. The stated mission of their winery is to produce the finest wines possible, for consumption by the now retired founders of their respective companies. Like Andy, Don is also in charge of maintaining the Founder's Shrine and Hot Tub at his company.

Dan Ramos with Dan Hall of Point West Rotary. Point West is holding their annual California Brewers Festival on September 21st. For more information or to purchase tickets: CalBrewFest.com

4 Way Test

Of the Things we Think, Say or Do:

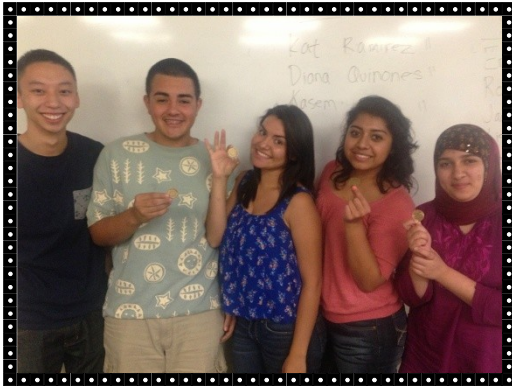

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and better **FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

CHUNKS FROM THE BUZZSAW

OMG (oh my God). Our first official RCHS Interact club meetings - both lunches had kids sitting on the floor due to a full classroom!!!!

Dr Charyl. Interact Advisor

Here are the students receiving their Four Way Test coins. (donated by the Centennial Club)

Future Rotarian: Jessica Ngo

Jessica is an incoming junior and has been in Interact since her freshman year. She was super shy when she joined, but many of the interact members were very friendly and Jessica ended up chairing the Tuxes and Tennies event. It was her very first event as a chair and it taught her to be more responsible and also helped her improve her communication skills with others. In Jessica's sophomore year, she became a board member and a shadow for Vice President, Denise Au. This year, Jessica will be Vice President of the club, along with Aaron Saelee. Interact is an amazing club that taught Jessica to not be afraid in taking on leadership roles and to slowly come out of her shyness. Jessica feels that she is making a difference in Interact because of all the lessons she has learned from the club. Jessica will always try her best to apply these lessons back to help the club be successful. Jessica is looking forward to enjoying the remaining years she has left with the club, giving back to the community, and making her mark in the world.
