DID YOU KNOW? On Europe's longest road of ice, you're actually banned from wearing a seatbelt in case you need to make a speedy exit from your vehicle.

Paul Harris said it: "Since the beginning of civilization, there has been a surplusage sayers of things. If there is any one particular in which I would have ROTARY distinguished from other organizations it is that quality character which results in the doing of things, if we may but be known as an organization composed of men of determination and action, we need concern ourselves no more as to the world's verdict."

Mark Twain said it: "Last week, I stated this woman was the ugliest woman I had ever seen. I have since been visited by her sister, and now wish to withdraw that statement!"

My wife was hinting about what she wanted for our upcoming anniversary. She said, "I want something shiny that goes from 0 to 150 in about three seconds." I bought her a bathroom scale. That's when the fight started.
