ROTARY NOTES

Here is the format used to select students of the National Honor Society:

A list is obtained of all students in grades 11 and 12 with a grade point average of 3.5 or higher.

These students are contacted and asked to fill out the Student Activity Information form, asking students for a listing of curricular activities, leadership positions, community activities, recognition or awards received, and an essay on a topic that will be related to the National Honor Society. Students are also asked to obtain two recommendations on the forms provided, one from a person associated with OHS such as teacher, coach, advisor and one that is not associated with OHS such as church leader, employer, person to whom they have volunteered service.

These forms are given to the faculty selection council who makes the final selection. The final decision of approval of each candidate for membership is by majority vote of this council.

The list of selected and non-selected students will be presented to the principal. Selected members are then inducted into the National Honor Society.

KEEPING A BIG WHEEL TURNING

For more than half a century, one of the first Ferris Wheels ever made has been spinning in Jacksonville, Ill. Owned by the city, but operated and maintained by the ROTARY Club of Jacksonville, the 12 seat, 45 foot wheel has undergone several renovations in recent years thanks to private donations and funds from the ROTARY Foundation. The wheel is operated every Sunday afternoon from Memorial Day into October.

Hey...did you ever notice? When you put the two words, 'The' and 'IRS' together it spells "Theirs"
