John Chenoweth  
Director Sun City Rotary Club Foundation  
101 Egret Cove  
Georgetown, TX 78633

Dear Mr. Chenoweth,

The Williams County Veterans Memorial Advisory Group extends its sincere gratitude to the members of the Sun City Rotary Club for their generous donation to the Reflection Garden project. This support, together with contributions from additional committed donors, allows us to advance the construction of a lasting memorial honoring Veterans of Williamson County, the State of Texas, and the United States of America.

The Reflection Garden Project will be executed in two phases. Phase One, which centers on essential site preparation, is scheduled to begin soon. This phase encompasses the removal of trees, grading and landscaping improvements, redirection of irrigation and electrical systems, and the establishment of foundations for the pergola and the installation of 25,000 engravable bricks.

Phase Two is scheduled to begin in April. Landscaping with Texas native plants and the installation of an illuminated pergola are projected for completion by early May. A formal dedication ceremony will be held in conjunction with Memorial Day, and you and all the Rotary Club Members are formally invited to attend.

With the continued generosity of supporters like your organization and the active participation of citizens across the county, we are now able to approach this project with diligence and commitment. We look forward to the successful completion of this enhancement to the site where we honor our County Veterans, past and present.

Thank you once again for your valued support.

Sincerely,

  
Diane L. Klutz, PhD. USANC-Vietnam Veteran  
Chairman Veterans Memorial Advisory Group
