Mr. John Chenoweth
Sun City Rotary Club
1530 Sun City Blvd. - Ste. 120 - Box 441
Georgetown, TX 78633

Dear Mr. Chenoweth:

We were so excited to receive the wonderful donation from Sun City Rotary Club (\$700.00- check #835 and three \$100 HEB Gift Cards) in support of The NEST. As you know, The Georgetown Project works diligently to make sure that local high school students experiencing housing insecurity have the support they need to stay in school, make healthy choices and have a positive plan for the future.

The Georgetown Project's recent expansion of The NEST project to include both a drop-in center and host home (overnight care) shows our strong commitment to this vulnerable population of Georgetown youth—but certainly brings increased financial responsibility as well. The generous donations from Sun City Rotary Club mean so much to us and have been extremely important in helping TGP to enhance services for homeless and transitioning youth.

You'll be interested to know that Georgetown youth who find themselves without a safe place to stay at night are now able to seek shelter right here in our own community. As of October 1, youth have been accessing shelter in The NEST Host Home (the home which previously served as the drop-in center), and receiving afterschool and evening services in The NEST Drop-In Center, which has reopened in the old Richarte High School building.

Sun City Rotary Club's funding is changing the lives of local homeless and transitioning youth every day by providing basic needs (food, shelter, clothing), offering quality supportive services (counseling, tutoring or enrichments), improving health (better hygiene and nutrition), preventing dropouts and building important life skills. We appreciate you very much and thank you again for the kind donation.

Sincerely,

Leslie Janca
Executive Director
