Club Chartered: October 24, 1997

Quote of the Week

It is not that I'm so smart, but I stay with the questions much longer.

Albert Einstein

February is Peace and Conflict Prevention/Resolution Month.

Meeting: January 25

Dr. Ron Swain was our speaker. He worked in higher education in administration over forty years and has served as a board member for many humanitarian groups and foundations in Georgetown.

Dr. Swain's main focus now is ending racism. As a young person growing up in Georgia, he spoke about enduring racism.

As a Rotarian, he would like to see Rotary International using the 4-Way Test to set the goal of ending racism in the world over the next fifty years.

Meeting: February 2

Dr. Fred Brent, Supt. of Georgetown ISD, was the speaker. The number of students in the public schools is close to 12,000.

Education equity has been planned for all students, regardless of race, ability, and background.

The high schools have programs now that train students for jobs in cosmetology, culinary arts, and auto maintenance. Students who work on the Tango Flight program can later study for degrees in engineering.

Happy Birthday and many, many more to:...

Jan Williams Feb. 19

Michael Bell Feb. 21

Early Act/First Knight

Laura Buckley reported that this Rotary sponsored program is alive and well in the Jarrell schools. They recently had

an induction ceremony. The pandemic prevents member participation.

Those of us who attended past programs do miss the excitement of the children and parents when they are selected.

The Passing of Lou Gibson and Steve Ellis

Sadly, we mourn the loss of these two Rotarians.

Lou served as President in 2009-10. He was the only President who didn't need a microphone. **Lou** was a force in our club all by himself.

Steve enjoyed being a Rotarian and was always ready to do his part on any project or work to be done.

The **Club Runner** contains information about Rotary and our club. Check it out.
