Today's Program

Ed Deaton will be presenting the program.

Last Regular Program -Dec. 9

Our speaker, Doug Willoughby, was introduced by Al Cummins. Doug is the president of the Healing and Wellness Club of Sun City. He is a retired electrical engineer from IBM.

In his talk, he suggested that many of us could live to be 100 if we improved our lifestyles. Some ways are drinking plenty of water, getting proper rest and sleep, eating living foods, exercising, detoxifying our bodies, taking nutritional supplements, and coping with stress.

Doug emphasized that when a serious medical problem does arise, professional help must be sought.

Breakfast with Santa

On December 20, our club members, Georgetown firemen and Santa Claus delivered gifts and HEB food certificates to the homes on our list. Our club raised the spirits of these families at the holiday season.

This event was possible because of the support of our sponsors, the Georgetown Fire Department, our club members, their spouses, and friends. Thanks to all!
