Quote of the Week

There is a certain enthusiasm in liberty that makes human nature rise above itself, in acts of bravery and heroism.

Alexander Hamilton

Meeting: July 9, 2019

Tom Gallagher was our speaker. He spoke about his years as an equipment specialist in the early years of the manned space flights in Houston.

Tom worked with the first astronauts.

Meeting: July 16, 2019

President Barb opened this club assembly by discussing her goals and what was expected from each member in the next Rotary year. Later, each table worked to list ways in which the club could be improved. A spokesperson from each table discussed their list.

Information Sheet

A paper was circulated asking each member to list certain information about themselves. All members' names will be put on the sheet.

In the past, special occasions were announced by the members. Hopefully, this practice will again become a part of our meetings.

New Rotarian

We all welcome **Steve Lucca** as our newest member and look forward to learning more about **Steve** in the near future when he does his bio.

Support Person

Each week **John Ftacek** sets up the items needed for our meetings. Afterwards, he stores them. Thank you, **John**, for doing this necessary job.

Speakers, Programs

Everyone is being asked to help locate speakers and to suggest programs.

Please take the time to coordinate your ideas with **Allison Dickmann**. You should call the person and set up a date.
