Last Program (May 26)

We listened to **John Miles**, who talked about his National Geographic Expedition visit to the island of Cuba.

Some of **John's** observations were that salaries are low, but so is the standard of living, with the people receiving free medical care and education. Ration books are needed to buy most foods. There are still pictures of **Fidel Castro** and **Che Guevara** everywhere.

The tour group was well received by Cubans. American dollars had to be converted into the Cuban currency.

Rotarians in the News

Congratulations to **George** and **Jean Olive** on their 63rd wedding anniversary.

John Rutan had an enjoyable year mentoring two students in the Georgetown ISD and highly recommends it for others. **Greg Barber** and **Tom Minor** are also mentors.

Jarrell ISD Scholarships

Four highly deserving high school students were presented with college scholarships on May 19th at the Jarrell High School by **President Bob Elam**. One student received \$1000 and the other three \$500. It was a difficult decision to decide the \$1000 award because each applicant was a top student and involved in so many activities.

Thank you **Glenn Coward** and **Doug Lowe** for attending the ceremony.
