Quote of the Week

Success is the ability to move from failure to failure without loss of enthusiasm.

Winston Churchill

Our SC Rotary Club

President Adaire has sent out a survey asking members to suggest how **President's Night** should be handled.

At the June 9th meeting, members will be asked to submit the name of a person for a possible speaker. The **Program Committee** will then contact the person.

Meeting: May 19

We heard from **Leslie Janca** and **Bebe Johnson** who represented **The Georgetown Project**. This organization provides many programs which benefit the needy children of our city.

Meeting: May 26

Our speaker was the CEO of St. David's Hospital, **Hugh Brown**. After giving a short history of the hospital, he pointed out the many branches and services offered.

Surgeons were also present who explain how the hospital is using **robotic surgery**. Its main advantage is that the recovery time for the patient is shortened and the ergonomic advantage helps the surgeons to do more things and do it longer.
