Our speaker, **Dr. Dennis Allen**, is a Pain Management Specialist. While going through medical procedures a person can help their treatment by avoiding certain foods and staying active.

June is Rotary Fellowship Month

An Explanation of RYLA

The initials RYLA is an acronym for Rotary Youth Leadership Awards. This program provides an extensive leadership experience for high school juniors about to enter their senior year.

Each Rotary club in District 5870 is allowed two students, but many clubs do not participate.

So this year in March a group of Rotarians went to Jarrell High School and interviewed students who were interested in attending RYLA camp and selected four students with good leadership potential.

Each year during the first week of July the camp is held at McKinney Roughs Natural Area near Bastrop. Students **cannot** bring any electronics to camp.

To keep the costs down, volunteers from the clubs go and prepare the meals. Our club is responsible for lunch on July 6th this year.

John Skannal provides the leadership and direction for our club's participation.
