Our speaker, Grant Teaff, was introduced by Don Mabray. Grant arrived at Baylor in 1972 as head football coach. His emphasis with players was promoting a positive attitude; with effort and determination, winning was always possible. He stressed never giving up and never giving in.

After a successful 20 year coaching career, he became athletic director for one year. In 1994, he became executive director of the American Football Coaches Association. This assn. is involved in all aspects of improving college football.

Grant did not have enough copies of his book, Grant Teaff: Master Coaches. You can purchase one at this address:
