## Program Last Week

The Central American country of Nicaragua has suffered from political upheaval and natural disasters, turning it into another poverty stricken nation of Latin America. The health care of women and young girls has gone lacking.

**John Doty** is spearheading a project to buy medical equipment for two acquired buildings which will serve as the clinic for two barrios(10,500 residents) in

Managua, the capital city. He is seeking the help of many Rotary clubs to purchase the equipment, as it will cost between \$80,000 to 100,000 with the emphasis on OB/gynecology and dental care.

The Rotary Club, with which he is working there, has an excellent history of participation in international grants, including service with this clinic.

## Happy Bucks (\$100)

**Doug Lowe** remains optimistic about the Longhorns. **Janice Jacoby** cheered on the U. of Missouri. **Carolyn Holloway** was happy that the Southwestern football team had its first win.
