

Rotary Club of Castle Pines Newsletter - December 2025

The holidays are upon us.. here's whats going on with our club..

November Recap

We only had one meeting in November for our club due to the holiday week. At our meeting on the 10th, we heard from Mary Grothe from Sunday Salmon discuss her organization, Sunday Salmon and what they are doing for low income families and the homeless in Castle Rock. We'll be using her space and catering for our holiday social on December 16th.

We also heard from Annie Heckman, a 2nd year medical student, and scholarship recipient from our satellite club, present her time in Kenya and the research they did there.

The Satellite club hosted Sean Hakes who is developing a small business promotional organization for Douglas County and Denise Frazier will discussed her and Mike's recent Navajo Journey and a proposal for other projects at the first meeting. For the second meeting, Matt Hayes from Castle Rock Water System came and discussed how they use AI to detect and locate leaks in the system.

Our social for October was at Denise and Mike Frazier's ranch. Thanks for hosting! It was a great time.

This Month's Meetings

December 8th – District Governor Cindy Rold will be at our meeting to tells about what's going on with the district and other Rotary information.

December 16th – Holiday Social at Sunday Salmon
