## MEMBER PROFILE

### Marlene Olsen

After relocating from Chicago in her college years and completing a degree in Journalism at the University of Nevada Reno, Marlene knew she eventually wanted to create a public relations business. In 1982, Marlene started a small business that reflected a slice of Reno, until she discovered her passion for water resources in the dessert west. Since then, the business has specialized in public outreach for environmental and water-related businesses and organizations.

Marlene enjoys working on big challenges. She had fun with the challenge of figuring out and implementing a full communications program for a new water utility in three months, including a website, customer communications, community outreach, and numerous other aspects of the project. The company is Truckee Meadows Water Authority (TMWA), and Marlene considers the formation of TMWA as one of the smartest decisions the community has ever made. At around the same time, Marlene and three other partners launched a new business newspaper: Northern Nevada Business Weekly. Creating a new newspaper was a challenge because the group had to launch the paper in about six weeks, knowing that there was great competition at the Reno Gazette Journal. Marlene also enjoyed the challenge of creating the Rotary Club of Reno Sculpture Garden, and she looks forward to the future excitement of the project!

Marlene's strongest skill is seeing the big picture. She is always full of new ideas and does not want anyone to lean on status quo. Marlene considers her biggest weakness to be her myriad of new ideas. She often drives her staff crazy by not sticking with what is working and always challenging her work groups to find another better way to do - and say - things.

Marlene's favorite activities include walking with her female Rotary friends in her neighborhood and with her rescue doggie Levi. Marlene will serve as the new chair of the Commu-

nity Service Committee. If you have an interest and would like to be involved in our local projects, or the Sculpture Garden or the gardens in Bicentennial Park, please contact her at: [marlene@goodstandingoutreach.com](mailto:marlene@goodstandingoutreach.com).

*The highlight of our unusual meeting held at the McKinley Park School (in lieu of the frozen out Sculpture Park) was the awarding of special Paul Harris Fellow pins for the leadership, design, management and success of the Rotary Club of Reno Sculpture Park Project. From left to right, **Marlene Olsen** actually received 2 Paul Harris Fellows one for Chairing the Project from beginning to end, and one earned by donations to Rotary International. **Debe Fennell** received an additional PHF, now making a total of 4, for all her efforts on the landscaping and just plain hard work making the Club's dream really look great!. And, without **Christine Fey**, our City of Reno point of contact and project mastermind, who herded all the various bureaucracies, the project would never have happened. Congratulations to all!!*

## the **4** way test

Of the things we think, say or do

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?

## HOW TO INTRODUCE YOUR GUESTS AND NEW MEMBERS AT A CLUB MEETING

When introducing a guest or new members during a Club meeting, the correct way is to greet the Club President, fellow Rotarians and guests, introduce yourself and state your classification, and then introduce your guest, their title and business affiliation. Please do not introduce any guest as a prospective new member or that they are looking for a position or clients.

## ATTENDANCE

Please make sure you turn in make-ups to Carl Fuetsch at a club meeting or by email: [info@renorotaryclub.org](mailto:info@renorotaryclub.org). Don't forget that you need to attend or make up at least 50% of club regular meetings in each half of the year (rolling six months) and attend at least 30% of this club's meetings in each half of the year. Credit can be received for Rotary committee work and other official Rotary functions.
