### RENO ROTARY BULB PROJECT

#### September 15 Deadline for Biggest Little Bulb Project

Thanks to generous Rotarians we have collected donations for 8,800 bulbs. Our goal of 15,000 bulbs is on the horizon! The deadline for orders is September 15. We hope to meet our goal by then so we are able to get our order in and receive the shipment in time to plant on September 30 at a Rotarian's at work day, along with the Great Reno Cleanup Day with KTMB. If you would like to donate to this project please contact Lisa Jansen at [LisaJ@OneNevada.org](mailto:LisaJ@OneNevada.org). Thank you again for all of your support! We could not do this project without you!

### HELLO FROM SCOTT MARYOTT

Hello from Doha,

Just checking you in and letting you know all is well. Our school is on track to open in early October. The school is a military academy with the goal of getting all of our Qatari students into English speaking Universities. We have a very international faculty, 20 different nationalities - they are a speculator group. I am responsible for the English Department, Counselors, and the Librarian. We have another VP who is handling Science, Math, and Computers. Right now we are looking at 300 cadets, who will be future officers in their military.

It has been an amazing adventure, things move very slowly and getting settled has been a challenging process - almost done getting my Driver's License, but I do have my alcohol card. Uber is easy and cheap and the mall scene is unbelievable (they have almost every American/Brit shop and restaurant). The kids have started at their IB schools, so far all are adjusting. Our housing area is amazing, we have four bedrooms and five bathrooms, a pool close by and a gym. Patty is holding down the fort while we move forward.

We miss Rotary and all of our friends, but so far so good. Take care and please pass along my regards to all.

Scott.

### the 4 way test

Of the things we think, say or do

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?
