EDAWN in partnership with the  
City of Reno, City of Sparks & Sierra Arts Foundation present:

# ARTS & BUSINESS LUNCHEON AND AWARDS

September 14, 2017

## SPECIAL ACKNOWLEDGEMENT

### Rotary Club of Reno

The Rotary Club was looking ahead to celebrate its 100th anniversary since its founding and was looking to make a major impact on the City of Reno. In a unique partnership between the Reno Arts & Culture Commission and the Rotary Club of Reno, the Reno Sculpture Garden in Bicentennial Park was launched in October, 2016 as a rotating outdoor exhibition that will be an integral part of Reno's growing public art program. Adding public art in this downtown park along the Truckee River was designed to change the area, focusing more on family outings and art appreciation. Leadership in the arts is vital and one of the expressed reasons that this Rotary Club undertook this project was to demonstrate what other service clubs and businesses can do. Their efforts can serve as a motivator and inspiration for others to support the arts and culture and improve the community.

### ROTARY HELPS DISASTER VICTIMS

Severe storms, an earthquake, and hurricanes are wreaking havoc across the globe from the United States and Mexico to South Asia and Africa. The Rotary Foundation and Rotary clubs in affected areas are helping bring emergency aid to battered communities.

The Rotary Foundation is collecting emergency relief funds to help victims of Hurricanes Harvey and Irma.

Severe rainfall caused historic flooding along the Texas coast, including in Houston, the fourth largest city by population in the United States. About 6.8 million people have been affected by the hurricane.

Meanwhile, Hurricane Irma is in the Caribbean and headed for Florida and the Atlantic coast of the United States. Already, the storm has directly affected 1.2 million people and millions more are in its path.

“The power of Rotary is in the Foundation’s ability to pull help from around the world while local clubs provide immediate relief in their own communities,” says Don Mebus of the Rotary Club of Arlington, Texas.

Rotary districts along the Gulf Coast of Texas and Louisiana are collecting emergency relief funds and providing immediate aid to flood victims.

The most powerful earthquake in a century hit the southern coast of Mexico on 7 September. At least 61 people were killed in the 8.1-magnitude quake. Rescue and relief efforts are expected to be hampered by floods and a dangerous storm surge off the Gulf of Mexico as Hurricane Katia moves into the area.

In Sierra Leone, torrential rains and a mudslide in August has killed more than 500 people and destroyed nearly 2,000 homes. On the outskirts of Freetown, Sierra Leone’s capital, an orphanage, where more than 60 children slept, was swept away in the slide. More than 600 people are still missing.

An estimated 40 million people across Bangladesh, India, and Nepal have been affected after massive floods hit the area last month. UNICEF estimates 31 million people in India have lost their homes, and 8 million people in Bangladesh and 1.7 million in Nepal have been affected.

Rotary’s partner, ShelterBox, is providing support to families displaced by the storms.

ShelterBox teams are working with Rotarians to assess the damage and provide emergency supplies and temporary housing in Bangladesh, Nepal, Nigeria, and Sierra Leone.

In Texas, hundreds of light privacy tents were deployed to evacuation centers for families to use temporarily.
