Dr. Dalpe has held several executive posts at TMCC since 2002. He is currently serving as the Interim Dean of Technical Sciences, heading the applied tech programs — robotics, advanced manufacturing, welding, machining, HVAC, unmanned aerial systems, diesel and automotive — and initiating industry partnerships including the Panasonic Preferred Pathway (P3) program. He regularly works with major companies to develop training options to meet the needs of the region.

Solving real problems takes real commitment and vision. For more than 110 years, Rotary members have used their passion, energy, and intelligence to take action on sustainable projects. From literacy and peace to water and health, we are always working to better our world, and we stay committed to the end.

Our motto: Service Above Self

For more than 110 years, our guiding principles have been the foundation of our values: service, fellowship, diversity, integrity, and leadership.

the **4** way test

Of the things we think, say or do

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

HOW TO INTRODUCE YOUR GUESTS AND NEW MEMBERS AT A CLUB MEETING

When introducing a guest or new members during a Club meeting, the correct way is to greet the Club President, fellow Rotarians and guests, introduce yourself and state your classification, and then introduce your guest, their title and business affiliation. Please do not introduce any guest as a prospective new member or that they are looking for a position or clients.

ATTENDANCE

Please make sure you turn in make-ups to Carl Fuetsch at a club meeting or by email: info@renorotaryclub.org. Don't forget that you need to attend or make up at least 50% of club regular meetings in each half of the year (rolling six months) and attend at least 30% of this club's meetings in each half of the year. Credit can be received for Rotary committee work and other official Rotary functions.
