Kevin Sunde

Continued from Page 1

where both youth and adults can enjoy year round skating activities. The facility will sponsor and develop programs that bring cultural, recreational and entertainment opportunities to the area for youth and adults, residents and visitors, and will strengthen the new recreational economic base for the area.

Sunde joins Reno Ice having most recently worked as a math teacher at North Valleys High School in Reno. Prior to teaching, he was employed as a hockey coach at Adrian College.

He also served as a lead instructor for the CCM Stickhandling Camp which visited ten metro areas throughout the United States.

Sunde earned a Bachelor of Arts in mathematics from Adrian College in Michigan.

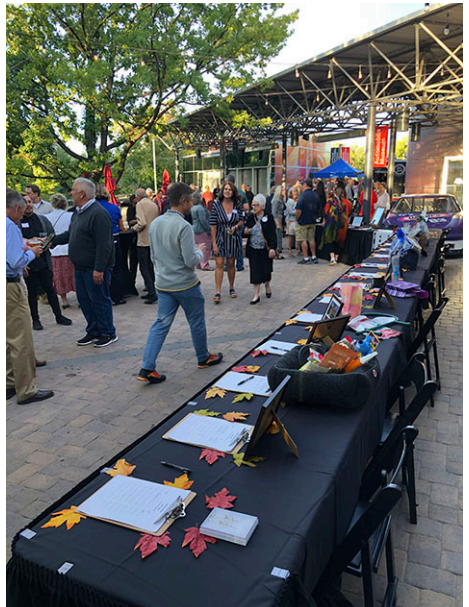

In addition, Sunde was the captain of his college hockey team, competing in two national tournaments and winning his league three times.

His dedication to ice sports and long history of teaching students in both academic and sports settings will allow him to drive growth and add value to the community-focused rink.

September 26, 2023

The National Automobile Museum

Notes

[illegible]

the 4 way test

Of the things we think, say or do

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

Rotary started with the vision of one man — Paul Harris. The Chicago attorney formed the Rotary Club of Chicago on 23 February 1905, so professionals with diverse backgrounds could exchange ideas, form meaningful, lifelong friendships, and give back to their communities.
