Dear Sir or Madam,

We are very grateful for your potential interest in making a contribution to become a sponsor of our website; however, we feel that accepting payment for this purpose is not in line with our fundamental belief of creating positive impact for those that are less fortunate.

We kindly ask that you instead direct the amount of desired contribution to a local charity or organization that supports those that are less fortunate. Please communicate this information with us and we will be more than happy to help you share your wonderful act of kindness throughout the community.

No act of kindness is too small. Make a difference.

Sincerely,

Jonas Chupe
