*** Please complete this survey and return it to Tim McCall or Eric Trygg by June 1st ***

Dear Grass Valley Rotarians,

To be president of the best Rotary Club in the area is truly an honor. I look forward to working with you to continue our long tradition and support of Rotary programs and service to the Grass Valley community. We have accomplished a lot but there is still much more to do. With your help we can continue to serve our community and help build a better world through Rotary.

Rotary doesn't happen without your commitment to and participation in Rotary and club programs and activities. Your involvement is essential for us to accomplish our goals and your ideas, energy and dedication are needed to make them happen. This survey is your opportunity to identify the areas in which you want to participate or learn more about how you can help. Please identify all of your areas of interest. You will be contacted by the appropriate committee chair to discuss your involvement in more detail and get you started. As you respond, remember our motto of **"Service Above Self"** and your commitment to Rotary service.

The input we receive from your survey response is important and will help us shape the future of our club. Please complete and return your survey by **June 1st**, so that your input can help with our planning the new Rotary Year.

Copies of the survey will also be available from Tim McCall at the meeting and can be turned in to Tim or myself when complete. A link to the survey form is also available on the club website at <http://gvrotary.org/>.

Thank you in advance for your help and support.

Eric
