Dear Club Member,

To be president of the best Rotary Club in the area is truly an honor. Thank You. Your 2013-2014 Club Officers, Board of Directors and Committee Chairs are in place and already planning for next year. Our incoming District Governor, Vicki Puliz, has provided excellent leadership. Vicki's "Flight Plan for Success" will be our model as we head into another outstanding year in Rotary.

Rotary doesn't happen without you. The ideas, energy and dedication you bring to our club counts. This survey is your opportunity to flag the areas you want to be involved in, or that you want to learn more about. Please feel free to check all of your areas of interest: there is no limit. As you respond, remember our motto of "**Service Above Self**".

Our club will present Casino Night as our main fund raiser again this year. As a result of our special committee exploring additional fund raising avenues a second event will be held as a possible replacement for Casino Night. Currently the front runner is a cycling event. Stay tuned for additional information!

The input we receive from your survey response is important and will help us shape the future of our club. Please complete and return your survey by June 6th so that your input can be included in club planning for the new Rotary Year. You can submit your survey response electronically by filling in the appropriate blocks and adding comments as desired. Paper copies of the survey will also be available from Tom Lathrop at the meeting and can be turned in to Tom or myself when complete. A link to the survey form is also available on the club website at <http://qvrotary.org/>.

Thank you in advance,

Steve Sarantopoulos
President 2013-2014
