

## **MUNA 2023 Registration Process**

The Rotary Club of Canberra Sunrise is please to announce that registration for the Model United Nations Assembly (MUNA) 2023 is now available at the following link:

<https://form.jotform.com/221545046093351>

If you have problems with this link, please contact the MUNA Registrars by email at [MUNARegistrar@gmail.com](mailto:MUNARegistrar@gmail.com)

MUNA 2023 will be held 11 - 13 August 2023. Accommodation will be at Canberra Park, and the debating venue will be the Museum of Australian Democracy (MOAD - often colloquially referred to as Old Parliament House).

Registrations need to be submitted by 14 July 2023.

There has been an increase in our costs and, as a result, we have had to increase our fees (\$1550 for a two-person team and \$1850 for a three-person team).

The increases are specifically related to our use of the Museum of Australian Democracy (MOAD - Old Parliament House) as the debating venue. We are committed to the use of MOAD as it provides a unique location and atmosphere for the debates.

We are still in the process of updating the information on this website, but further information is available by contacting the MUNA Registrar email (a list of the Blocs and countries available for choice and FAQs for participants and counsellors).

It is strongly advised that you read these documents carefully before completing the registration process.

There also are a number of consent forms requiring completion to finalise the registration process.

These also will need to be completed and returned by 14 July 2023.

Please let us know if there are any issues or if you have any queries.

Each registration has an identification number and it would be appreciated if you could refer to it in any communication with us. Please let us know if there are any issues or if you have any queries.

Please direct any queries to [MUNARegistrar@gmail.com](mailto:MUNARegistrar@gmail.com)

We would like to thank all Teams, Counsellors, schools, and Rotary Clubs and Districts for their support as we work towards MUNA2023.
