"Our members serving in the community"

It is a pleasure to see our East Honolulu Rotarians serving in our community.

I have found in these past few weeks that many of our members serve on other boards for non-profits and community associations and they truly extend themselves to be there for others.

This past Monday we heard from Randy Wong, Director of the Hawaii Youth Symphony and I am so thankful to him for putting such energy and effort into teaching the youth of Hawaii the art of music and also extending programs to them that will help them shape their future. I did not realize the great work the Youth Symphony is doing for the youth and was just as excited to find out that our very own Chris Yuen is the President of the board of directors. Another East Honolulu Rotarian that serves is Dr. Judy Saranchock who is the Executive Director of Read ot Me International here in Hawaii. I know there are more of you members that are passionate and serve on many other boards or committees and we would like to know who you are and what you do so that we can also best support you. We will definitely have to have a "Know our Member Day" event so that we can learn more of what our members do in the community.

I am so amazed seeing our East Honolulu Rotarians giving of their time and talents and also taking time to serve in Rotary. That truly is "Service above Self" and Thank you for being such great examples and leaders to others.

"Together we make a difference" to LIGHT UP ROTARY !

Aloha,  
Anne

Calling on the sometimes ‘hidden’ musician in all of us, **Randy Wong**, Executive Director of the Hawaii Youth Symphony (HYS), spoke to the Rotary Club of East Honolulu about music and the role that creating music plays in the lives of young people in our community. The Youth Symphony, says Wong, “believes music is fundamental to human experience.”

A non-profit organization, HYS engages close to 600 youngsters, ages 7-18, from around the state in music education. Programs include summer outreach programs, a regular concert season of free performances on Oahu and neighbor islands as well as educational concerts in schools each year. East Honolulu past president, **Chris Yuen**, is HYS Board Chair.

Filling the gap created by the declining number of music education programs in public schools, HYF accepts young people with no previous playing experience. In two brief videos, Wong showcased symphony performers.

If “music makes better communities,” we can all be grateful to the Hawaii Symphony for Youth, its Executive Director, and staff for the important contribution being made.

**Donna Prather - Pacesetters**

*The start of our club's signature program, Pacesetters, is two weeks away. Come to the August 4 meeting to meet Clementine Tran Tong, one of the Pacesetters. You will also get a first-hand view of the stylish T-shirts and carry bags designed for the program and a have chance to own one. Finally, you will be able to satisfy your desire to participate in this transformative experience by learning what still needs to be done.*

### 1st of 7 part series on Polio

1. **Polio.** Poliomyelitis (polio) is a crippling and potentially fatal disease that still threatens children in parts of the world. The poliovirus invades the nervous system and can cause paralysis in a matter of hours. It can strike at any age but mainly affects children under five.
