**Rotary Saves Lives at
Hawaii Kai**

Last week we had the pleasure of having Scott Argus of "Talk Dog" join us to raise awareness about his special program. Scott is a former Air Force R&D engineer who later went on to patent fluidic and robotic instruments for the

Human Genome Project, sequencing DNA at Stanford. It was there that he learned that all dogs are 99% Grey Wolf, and that they are still very much wired the same way. Understanding the Grey Wolf Pack Life helped Scott develop his rehabilitation program which among other methods, teaches dog owners how to be good Pack Leaders. The program also helps educate owners so that they can learn how to rewire our pet's instinctive "wild" tendencies. His program helps solve problems of aggression and other undesirable behaviors. He has worked with Pitbulls and Chihuahuas, Retrievers, Pomeranian and Poi dogs. Scott believes no dog is too old, too shy, too tough or too scared to be rehabilitated. In fact, Scott mentioned that the older a dog may be, the easier it is to rewire due to the maturity of the dog and it's fully developed brain. If you or anyone you know are in need of a "Dog Whisperer" Scott's Talk Dog will teach you how to speak the dog's language and in this way, be more effective in retraining your dog and yourself to be a harmonious Pack. For more information, visit www.TalkDog.com

New Member Induction

Former Member of EHRC Mae Mendelson

Also a former Member of RCEH Marcelo "Marc" Doneza

Inspirational Moment

Pat Yee

Strength does not come from physical capacity, it comes from an indomitable will
(Mahatma Gandhi)

A potential new Rotarian of the future, Malia Bush visited our club from Kapolei Sunset where she won their scholarship Award of \$5,000 and also the "Hawaii Rotary Youth Foundation Scholarship Award" of \$10,000.

John Strandberg suffering from an operation on his foot. Heal quickly so you can get back on the road. Don't see many signatures on the cast!
