club.

Last week I was asked to see if our Club and Diamond Head club wanted

To merge into one club by one of our members. Consensus was that we would prefer to not merge but work with our existing members.

We talked about the commitment of the members to our club and to Rotary. We Are having a hard time with members attending our meetings, and therefore it is hard to get guest speakers when only a few people show up to the meeting.

Nick had to cancel last week because only 5 members where going to be At the meeting.

Some of the questions for next year:

What is your commitment to Rotary

Are we at the right location

Are we meeting at the correct time

Will you commit to the duck race

What projects should we look at

How many projects do you want to do

This was an open meeting for the members to make their comments without

Any reservations and those in attendance did not have any reservations.

Information received will be compiled and voted on at our next Board Meeting when Nick schedules it.

After a shaky start for the month of March, we had a very interesting meeting on the 12th conducted by our DG Chet DalSanto. He had asked that every one show up due to the importance of the meeting. We had roughly 8 members present.

There are a number of items that were discussed that may affect our
