Officers, Directors & Committee Chairs

President **Nick Abbott**, Immediate Past Pres. **Judy "J" Jakobovits**, Secretary **John Spangler**, Director **Henry DeButts** & **Oran Spotts**

Our meeting on the 21st was an off sight meeting at the Aina Imagery next to Roy's Restaurant in The Hawaii Kai Towne Center. Andrew Honda the 25 year old owner of his photography gallery gave a very informative, detailed account of his tools

and where he finds his subjects.

Some of the most interesting subjects of his presentation is his use of acrylic and aluminum backing of his photos to increase their longevity.

He is a self taught landscape photographer originally from Huntington Beach, California who relocated to Hawaii in 2007 for a change of scenery.

When asked what camera he uses and if Digital is preferred he indicated he prefers a German box type camera with film that only holds four exposures. This camera is used for panoramic landscapes and also delayed shutter speeds. To get the vivid striking colors and U.V. protected images he uses Fujiflex Crystal Archive Printing Material.

Andrew Honda considers himself a business man before a photographer although he loves both aspects. He says that "without the knowledge to make your photography a career, then you're just another guy with a camera that takes beautiful pictures." Aina Imagery has events every other month so check for upcoming shows and events in the news portion of the website. Artwork from Aina Imagery is also available for private sale.

Correction: 16th issue stated DG Chet was asking to commit to the District Conference in January. He wants the commitment for the Peace Conference in January. The District Conference usually convenes in May or June.

Quote of the week

I'm and idealist. I don't know where I'm going, but I'm on my way!

Time to get committed for a major fund raiser. If we are going to do a Rubber Ducky Race then everyone need to step up and commit to the many duties to make it successful.
